

# G Over 9,000 voters listed

Tax Assessor-Collector Alfred Rohrbach announces that the total of registered voters in Medina County for the November 7 general

election stands at 9,173. By ballot boxes, the total shapes up as follows: Box #1-542; #2-219; #3-96; #5-261; #6-562; #7-576; #8-515; #9-1068; #10-443; #11-1246; #12-153; #14-95; #15-437; #16-774; #17-895; #19-440; #20-104; #21-747.

The total reflects a growth of over 2,000 registrants in the four years since the 1968 general elections.

In that year, out of 7,061 registered voters, more than 5,000 voiced their preferences for leadership in local, state and national leadership.

## GO SPARKS

"Forge thy tongue on an anvil of truth, and what file we though it be but a spark, shall have weight." --Pindar

By Burnis K. Lawrence  
Publisher

GERALD ALEXANDER

... of the U. S. Bonded Padding Co. came into the Anvil Herald office all smiles Tuesday morning. And after he handed me a legal notice calling for construction bids on the new manufacturing plant, I grinned a little, also.

In fact, I believe everyone will have a happy smile when they read the story and the bid call and as Gerry said "be glad the plant is one more step toward reality."

### FOOTBALL

... sits high on the throne again this week as the Owls host the tough Devine Warhorses in a thriller that could determine Hondo's fate in District 28-AA this year.

We have the fever as can be seen on the front page this week. And let me call your attention to the "extra" football ad we are running this week, thanks to some strong Owl fans.

These people have dug into the old pocketbook a little deeper to assure the Owl coaches and football players that we are for them all the way.

Good luck, Big Blue. Show the Warhorses that when the chips are down we have the character of champions. We can win like champions--and should--just should mind you--the finger of fate guided by stampeding Warhorses point at us on the little end of the scoreboard--we can lose like champions.

### TERRY TILLEY

... of Hondo High School called last week to ask about the publishing of a Sample Ballot. I am happy to note we were able to do that this week.

I understand that Terry will use it as a civic project for all his students. Perhaps next week, just before the election, we can run a story on the thinking of our young people in this critical election year.

- ### TAIN'T A MISTAKE
- ... I have found out why I make an occasional mistake in the newspaper. Just read these guide lines and checklist for newspaper writers that Jack Francis, PR, Humble Oil and Refining Co. put out:
1. Each pronoun should agree with their antecedent.
  2. Just between you and I, case is important.
  3. Verbs has to agree with their subject.
  4. Watch out for irregular verbs which have crope into the language.
  5. Don't use no double negatives. Not never.
  6. A writer should not shift your point of view.
  7. Don't write a run-on sentence you have got to punctuate it.
  8. About sentence fragments.

## B Bids are called on company plant

Erection of the U. S. Bonded Padding Co. manufacturing plant came one step nearer reality this week with the calling of construction bids.

The notice to bidders was brought to the Anvil Herald office by Gerald Alexander, president of the company. It calls for bids to be opened at 8:30 a.m., November 7, at the office of Ozuna & Associates, Inc., 8118 Broadway in San Antonio.

## BL

"It's been a long haul," Alexander said. "But this means we are one step nearer the completion of this plant in Hondo."

The initial announcement of the plant came last fall with a possible operational date by April of this year. Various problems have delayed the beginning of construction of the plant which will be located north of Winters Trailer Park in the area near Bob's Bowling Lanes.

When in operation the plant is expected to employ approximately 110 persons at peak production.

### Directors selected

Four new directors have been named to the Hondo Chamber of Commerce Board of Directors.

They include: Franklin Wiemers, Leroy Miller, Julius Aelvoet and John H. Jennings.

They were elected by ballots from members.

## Poerner gives report on Legislative action

BY JOHN H. POERNER  
STATE REPRESENTATIVE

Hastily called by Governor Smith and lacking the necessary research for good legislation, the Fourth Called Special Session came to a close with no insurance reform. Legislators appeared very cautious to adopt a new plan without sufficient assurance that rates would go down, rather than up, under competitive rates. The session was educational and I will admit that I concluded the session with a much greater knowledge of insurance. It is my hope that the returning members of the Legislature will carry this knowledge in to the next regular session so that we might intelligently revise the insurance laws of our State.

Payment For Primaries  
The Legislature authorized financial assistance for Democratic and Republican primaries in the Second Called Special Session last spring and the Secretary of State, Mr. Bullock, failed to request the necessary funds in the Third Called Special Session when the money was approved.

### Talking spooks!

The big Halloween Carnival will bring spooks and goblins and a lot of fun to the Courthouse Square in Hondo Saturday night. Parade will form at 4 p.m. at City Hall and prizes will be awarded for costumes. Plenty of food and drinks will be served at the carnival sponsored by St. John's C.C.D. chaired by Mrs. F. J. DeGroot, above. Checking plans with Mrs. DeGroot are Father George Stuebben and James Richter.

## Stampeding Warhorses tackle Owls

"We can still win district, several different ways," said Coach Bohls Tuesday afternoon.

"There could be one, two, three or even four teams sharing the title, before the season is over.

"It's really too soon to count anyone out for sure."

Bohls then went on to explain possible situations that could arise.

"There could be a two-way tie. In that case, the top two teams would be ranked in order of the result of their game together."

For instance, if Medina Valley and Hondo were to tie for the crown, Hondo would be second as a result of the loss to the Panthers.

"A three-way tie is more complicated," Bohls went on. "If three teams have identical records, the point spreads of the games each team played against the other two would be added together. The team with the largest net score would be the champion."

An illustration of this possibility might (notice the word "might") go this way: Hondo beats Devine by 15 points Friday night. Now, Medina Valley has already beaten the Owls by a point. And Devine has beaten Medina Valley by 27 points.

Hondo gets a minus-1 point for the loss to the Orange, while the Orange in turn get a plus-1. Devine gets a plus-27 for beating Medina Valley, but a minus-15 from the Owl defeat. (Hondo got plus-15 for beating Devine, of course.) Now, the totals.

Medina Valley has a net total of minus-26 points. Hondo's net total is 14 points. Devine's net total is 12 points.

So, Hondo wins district. While this kind of number game is harmless enough, Bohls warned that there is still an undefeated team in this district besides Devine.

Pearsall has not faced either Devine, Hondo, or Medina Valley as yet, but they have dispatched other district foes without much trouble, and "should not be counted out at all."

Getting back to the Devine game Friday, Bohls characterized the Warhorses as "fast, quick, and not really small, either."

The passing of Paul Jette is well-known, but Devine preferred to run against Medina Valley last week. Their offense is well balanced, and is based on various offensive sets.

The Warhorses have a team that averages a few pounds lighter than Hondo for the most part, but they have some exceptionally large individual players, also. Gerald Tschirhart is a prime example, a 260-pound defensive tackle. Other large men are 234-pound David Cavarra, Bob Allen at 210, Dennis Wutzke at 204, and Domingo Villarreal at an even 200.

### Too much age?

Age takes its toll on trees as well as humans. This ancient oak tree near The Chicken Coop proved that Monday night. Or it is assumed this giant limb just got tired of hanging on and just fell off. Luckily, it happened at night or a customer's car might have been in the way. (Photo by Tony Mendoza.)

## Savings Time ends

Some Sunday morning, goes the name of the old song that Texans will be singing come October 29th when they wake up to find themselves one hour behind time.

That's right! Sunday at 2 a.m. in the morning Daylight Saving Time will end amid the groans of many and the cheers of a few.

So, don't be left behind--set your clock back one hour before going to bed Saturday night.

## U 77 JOIN WITH CHAMBER

Membership in the Hondo Chamber of Commerce for 1973 had reached 77 by early Wednesday morning.

This brings on a good question: "Are you one of the 77?"

# Meetings to discuss rural development

AUSTIN--The Texas Industrial Commission will hold public hearings in four cities throughout the state during November to determine areas eligible for industrial development aid under the Texas Rural Development Act.

The hearings, set for Austin Nov. 9, Big Spring Nov. 14, Kingsville Nov. 16 and Henderson Nov. 21, will help the Industrial Commission determine the demand for the program and accept applications from communities or areas desiring rural development.

The Texas Rural Development Act, passed by the 62nd legislature, is designed to boost low rural economy through financing of industrial development projects.

Chester Wine of Corpus Christi, chairman of the nine member Commission, called the program another aid to solving the economic problems of the state's rural areas. "One of the biggest barriers to industrial development in rural Texas is the financing of industrial projects," Wine said. "This act provides us with the tools necessary to rebuild rural Texas."

A recent survey of a 40-year period from 1930 to 1970 conducted by the Industrial Commission revealed that 65 of the state's 265 counties have experienced a slow, but gradual decline in both population and new industries.

The report also showed there were some 233,428 people employed in agribusiness in these counties in 1930. Today, in these same counties, less than 62,000 people earn their living in agriculture.

"This represents a loss of more than 170,000 jobs in basic income producing industry," Wine said. "It is particularly significant since the total state employment in agriculture today is less than 300,000."

To be eligible for financing, a community must have lost population during the last two federal census and gained less population or less manufacturing employment than the average for the state's Standard Metropolitan Statistical Areas.

The new program will provide help for approximately 230 nonprofit industrial foundations in Texas.

## COW POKES

By Ace Reid

"Wul, if it wuzn't fer my production credit feed bills and overdrawn notices, I don't guess I'd git any mail at all!"

## More about . . . Sparks

★★★ Continued From Page 1

9. In articles and stuff like that we use commas to keep things apart without which we would have without doubt confusion.

10. But, don't use, commas, which are not necessary.

11. Its important to use you're apostrophe's correctly.

12. Don't abbrev. unless nec.

13. Check carefully to if you and words out.

14. In my opinion, I think that an author when he is writing something should not get accustomed to the habit of making use of too many redundant unnecessary words that he doesn't actually really need in order to put his message across to the reader of the article.

15. About repetition, the repetition of a word is not usually effective repetition.

16. As far as incomplete constructions, they are wrong.

17. I will correctly.

18. Just but not least, knock off the cliché.

That you understand, if you can't overlook mistakes from a writer who follows the guidelines, then I'll stay in hot water.

THERE IS NO TELLING

. . . just how much File 13 mail we receive a month in the newspaper post office box. It seems to me that every other person in the world has a pet project, program, peeve, pastime, or what-have-you which they feel the newspaper should publicize free of charge.

We just can't do it. Not only do we not have enough space to accommodate the mountains of copy, we don't have the manpower to set the copy, paste it into pages and run it off on the press.

If we did we would be broke flatter than a fizzled out pancake in no time at all.

This is sort-of an explanation to those persons who kinda get peeved when they bring in material for a "news story" and we suggest that it could be classified as an advertisement.

## Washington report

By Cong. Abraham Kazen  
U. S. Representative

The 92nd Congress has come to a close, marked in the usual legislative traditions by a host of actions. It is a basic truth that a member cannot serve his constituency very long without being re-elected, so there were the usual pressures for adjournment. Many members wanted to go home to campaign.

As a result, some of the late actions will require revision and amendment next year. Typical of these was the social security legislation. We originally had begun an effort that would have combined this matter with related problems in the welfare field, but the target area narrowed.

We increased from \$1,680 to \$2,100 the amount that a senior citizen may earn without effect on his social security benefits. We provided new federal aid to the aged, blind and disabled who do not have enough money to live on, and we expanded Medicare and Medicaid.

Much Work Ahead  
When the Congress meets again, I am certain we shall get an early start on re-examination of the welfare program. We must make it more efficient and certainly more honest, with stiff penalties on those who cheat their fellow citizens with false claims. But at this time I am only stressing the point that there is much work ahead.

I foresee a careful re-examination of our tax laws and of our federal services. In both areas, legislation that may have made good sense when passed - some of it 20 or 30 years ago - no longer serves the best interest of our Nation. That interest de-

mands careful legislative action next year.

Veto Overridden  
One of the late actions of the Congress was to override the President's veto of an anti-pollution bill. He contended the costs were inflationary, but most of us in the Congress believed it was time to begin a major program of cleaning up our rivers and streams, as well as improving our sewage systems. Both Houses voted to override the President's veto, and one of those so voting in the House was Congressman Gerald Ford, the Republican leader.

We in the Congress are quite aware that there are many demands on the taxpayer. I try to make stern judgments of needs for programs before I support them. The anti-pollution plans seemed over-due to me, but I firmly believe that the next Congress will concentrate on re-examining past programs and policies to see if they are still best for the Nation.

## PROPOSED CONSTITUTIONAL AMENDMENTS

Instruction Note: Place an X in the square beside the statement indicating the way you wish to vote.

No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to provide annual salaries of \$8,400 for members of the Senate and House of Representatives.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment providing that the various political subdivisions of the State may exempt not less than Three Thousand Dollars (\$3,000) of the value of residence homesteads of all persons sixty-five (65) years of age or older from ad valorem taxes under certain conditions.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to provide a salary of \$22,500 for the Lieutenant Governor and the Speaker of the House of Representatives.
No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment abolishing the Lamar County Hospital District.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to provide that equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment permitting State employees, who are not State officers, to serve as members of the governing bodies of school districts, cities, towns, or other local governmental districts, without forfeiting their State salary, and specifying exceptions to the constitutional prohibition against payment of State funds for compensation to any person who holds more than one civil office of emolument.
No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to require the commissioners court in all counties of the state to compensate all justices of the peace on a salary basis.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to provide a four - year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and certain statutory State officers.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to set a six percent (6%) weighted average annual interest rate for bonds issued pursuant to constitutional authority presently having a specified interest ceiling.
No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment providing for a constitutional revision commission which precedes the convening of the members of the 63rd Legislature as a constitutional convention in January, 1974, for the purpose of submitting to the voters a new constitution or revisions of the existing state constitution.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to provide that directors of soil and water conservation districts are not disqualified from holding or being compensated for more than one office.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to allow certain tax exemptions to disabled veterans, their surviving spouses and surviving minor children, and the surviving spouses and surviving minor children of members of the armed forces who lose their life while on active duty.
No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST		No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment revising provisions on the time and method of proposing amendment to the state constitution and the time and method of publishing notice of proposed amendments.	No. <input type="checkbox"/> FOR <input type="checkbox"/> AGAINST	The constitutional amendment to allow a county to reduce its county permanent school fund and distribute the money to independent and common school districts on a per scholastic basis.

## \*\*\* Legislature

(Continued From Page 1)  
 plicated. I am pleased to have the State pay its debt in this regard as each County Chairman, Democrat or Republican, has been "holding the bag" because of the State's failure to pay the bill.

**Trailer Brake Law**  
 Senate Bill 20 relates to farm trailers and semi-trailers only and does the following:

1) Under present law, a farm trailer or farm semitrailer may not be operated at a speed greater than 30 miles per hour when its gross weight exceeds 4,000 pounds. This restriction is removed.

2) Under present law, the maximum gross weight for farm trailers and farm semitrailers depends on the commodity they are used to haul. Cotton trailers and semitrailers have a maximum gross weight of 15,000 pounds, all others have a maximum of 10,000 pounds. This bill will provide a maximum gross weight of 15,000 pounds for all farm trailers and farm semitrailers, regardless of the commodity which is hauled.

Senate Bill 21 relates to all types of trailers and relaxes the present law so that the following requirements will prevail:

SB 21 Section 110A: LIGHTS.

a) Exempts all registered farm trailers and fertilizer trailers from fixed electrical lights when operated during daytime and under favorable atmospheric conditions.

b) Exempts all boat trailers weighing not more than 3,000 pounds from all light requirements when operated during daytime and under favorable atmospheric conditions. Boat trailers weighing over 3,000 pounds but not over 4,500 pounds are required to operate turn indicators and stop lights during both day and night. Boat trailers weighing over 4,500 pounds are subject to all applicable lighting requirements.

c) Mobile homes are exempt from light requirements if they are being moved under a special permit issued by the State Highway Department. This applies only during daytime hours and under favorable atmospheric conditions. The only lights they are required to maintain are turn indicators and stop lights.

Section 1a: LIGHTS

Identification lamps (a cluster of three lights located between the clearance lamps) are removed from the entire act. Pole trailers are also exempt from the requirement of having side marker lamps near the center of their load. They are still required to have such lamps at the front and rear of the vehicle.

SB 21 Section 2 Subsection C: BRAKES.

a) Trailers weighing less than 4,500 pounds, no brakes necessary.  
 b) Trailers weighing 4,500 pounds to 15,000 pounds, no brakes necessary when operated below 30 miles per hour.  
 c) Trailers weighing 15,000 pounds to 4,500 pounds, brakes necessary on the rear axle when

operated over 30 m. p. h.  
 Trailers weighing over 15,000 pounds, brakes necessary on all axles.

SB 21 Section 2 Subsection h: BRAKES.

Allows surge brakes to be used in lieu of other brake systems rather than in addition to them.

Section 3 Subsection a: BRAKES

Every authorized emergency vehicle may be equipped with a siren and exhaust whistle, making this previous requirement permissive rather than mandatory.

Additional Assistant

For The Needy

Increases in Social Security to certain citizens "generally the aged" caused a reduction in State welfare benefits. Senate Bill 65 restored these benefits to all senior citizens who were affected and all of the money appropriated will be used for medical assistance. The bill also provides that no new recipients will be added to the eligible roles since the

purpose of the appropriation was to assist those citizens who have no other source of revenue for subsistence.

Agriculture

The fever tick and scabies are presently controlled by the dipping method which requires approximately \$10,000 to install the necessary facilities. House Bill 49 would have given the Texas Animal Health Commission the authority to allow spraying in lieu of dipping if the Commission found it to be adequate. The Commission opposed this legislation and it consequently died in the Senate.

The close of the session should conclude any legislation to be passed this year. Most of the returning members of the Legislature will be kept very busy between now and January completing the interim study assignments that were interrupted and delayed by the last special session. For one, must complete about six months work in two months on the Vegetable Marketing Study Committee and the Vocational-Technical Training Committee.

## Un-official Weather

The October outlook was for rain following moon changes. The moon changes showed up on schedule, and so did the showers.

On Sunday, October 22nd, the moon changed to full at 7:25 a.m. And right on the

button, about 9 p.m. Saturday, October 21, the rains came.

The amounts were just about right for the just-sprouting oats in the area, averaging just under two inches around the county.

Hondo reported 2.30 inches in the shower. D'Hanis had 1.50; Quincy only .60. Hondo and Yancey only .60.

Charles Lutz reported 2.60; George Koch, 1.90; F. Richter, 2.40; Chas. Schweers, 2.50; Chester Schmidt, 2 in.; Arnold Saathoff, 2.10; H. Decker Ranch, 2.10; John Britsch, 2 in.; E. J. Leinweber, 2 in.

Also, H. Gerdes, 2.10; C. Saathoff, 2.30; Lupe Alvarez, 1.75; Am. Wendland, 1.70; Jr. Schuehle, 1.80; Jake

Hondo Anvil Herald, Thursday, Oct. 26, 1972, Pg 3

Schuehle, 1.30; John Zinsmeyer, 1.30; E. Bader, 1.50; R. M. Chapman, 1.10.

Other area ranchers reporting rainfall were Arthur Nestor, 1 in.; Al Hollmig, 1.30; Tom Hollmig, 1.40; F. Saathoff, 1.40; J. & D. Finger, 1.25; Rancho Chico, 1.25; Albert Reus, 1.40; Pat Wermette, .45; Frank Rothe, 2 in.; Gus Rothe, 2 in.; Calvin Bendele, 2 in.; and J. Lynch, 2 in.

By tomorrow, it should have rained again, according to the short-range forecast, which specifies "mid-week

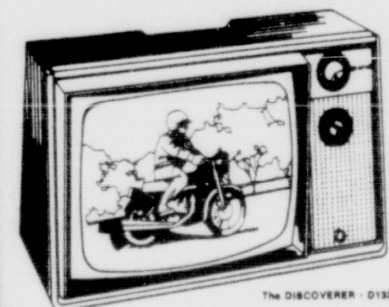

showers (Wed., -Thur.,)." No word about Friday night. That's a surprise.

## Sammy's is award-winning restaurant

Sammy's Drive Inn in some ways is as new as tomorrow, but the original idea of a good eating place

goes back all the way to 1949. In that year, brothers Sammy and Leon Tschirhart opened an ice station on the east side of the Medina River.

In 1951, they added hamburgers and soft-serve ice cream to the operation, and provided curb service to their customers. Sammy ran the hamburger business as soon as he graduated from high school. In 1952,

After two years in the service as a cook, Sammy returned to Castroville, and in 1959 he bought the building and property of the cafe from his brother. Since that time, Sammy has improved both the building and the service, while extending the menu, until today the Drive Inn

serves more than 100 people at once, with a complete menu. More expansion and improvement is planned for the future, as new growth demands it.

Sammy was honored last June as the Outstanding Restaurateur of the Texas Restaurant Association, of which he is a member.

The honor reflects his dedication to providing high-quality, yet reasonably priced meals for a wide range of customers; from his 4 a.m. Hunter's Breakfast during hunting season, to his after-Church Sunday dinners.

"We invite all of you to come to Sammy's the next time you eat out. Our foods

have been specially prepared for your enjoyment," say Sammy and his Drive Inn staff.

## LET'S FINISH THE JOB!

Last spring Texas voted to clean out those implicated in the Sharpstown scandal.

But there's one still around, State Treasurer Jesse James.

The State Auditor's Report shows that Jesse James, the State Treasurer, parked more than \$10 million in the Sharpstown Bank. James left \$4 million idle in a Sharpstown checking account for over two years, earning absolutely no interest.

The tax payers of Texas, through state deposits placed by Jesse James, bankrolled the wheeling and dealing of Frank Sharp.

State Rep. Maurice Angly of Austin was one of the original small group of legislators who stood firm last year and spoke out for a full investigation of the Sharpstown case.

Rep. Angly needs your help to finish the job. He's running a hard race to clean up the State Treasury.

Angly's campaign pledges are simple: "I will never play favorites. I will put excess state funds to work earning maximum interest consistent with sound business practices. I will run the treasurer's office honestly and efficiently as a public trust for the taxpayers of Texas."

LET'S FINISH THE JOB VOTE FOR REP. MAURICE ANGLY FOR STATE TREASURER ON NOVEMBER 7

And if you want to help now, please send your contribution to Angly for Treasurer Treasurer Comm., P.O. Box 9114, Austin, Texas 78766

Mr. & Mrs. John H. Weimers

## Weimers celebrate 60th Anniversary

Mr. and Mrs. John H. Weimers were honored on their sixtieth wedding anniversary with a barbecue din-

ner at the home of Mr. and Mrs. Alvin Wiemers. The Wiemers' sons and daughters served as hosts for

the event. They are Mr. and Mrs. Alvin Wiemers, Mr. and Mrs. Olen Wiemers, Mr. and Mrs. Elgin Wiemers,

Mrs. Reuben Wiemers, and Mr. and Mrs. M. F. Schweers.

Mr. Wiemers and his wife, the former Ida Schneider, were married on October 30, 1912, at Field Creek, Texas.

They have thirteen grandchildren and nine great-grandchildren.

HAVE A GARAGE SALE and get cash for your used clothing, furniture and stuff. Call the Hondo Anvil Herald, 426-3346, and place your ad today. You can charge it.

## Candy Sale can satisfy sweet tooth

If your sweet tooth demands good candy, see a Camp Fire Girl November 6 through November 18.

Blue Birds and Camp Fire Girls from Castroville, the Medina County area and Hondo will be selling candy for two weeks.

Proceeds from this annual sale will be used to support

Camp Mary Louise where the girls enjoy camping during the summer and at other special times.

Parent organization of the Blue Birds and Camp Fire Girls is the Medina County Council of Camp Fire Girls, with Mrs. Mary Meyer as president.

## Tilley-Hollmig engagement announced

The engagement of Vicki Lynn Tilley and Stanley Craig Hollmig, son of Mr. and Mrs. Stanley Hollmig of New Braunfels and grandson of Mr. and Mrs. Felix Hollmig of Hondo, is announced by her parents, Mr. and Mrs. Jack Oeliff Tilley of Devine.

Miss Tilley is an August graduate of Baylor University. Mr. Hollmig is a candidate for December graduation at Texas A&M University.

The wedding is planned for December 16 in First Baptist Church, Devine.

Miss Vicki L. Tilley & Stanley C. Hollmig

## Public Invited to Singing

The Yancey Baptist Church has extended an invitation to the public to join its members in a Fifth Sunday Singing on October 29. Henry Talbott will preach the sermon and lead the singing.

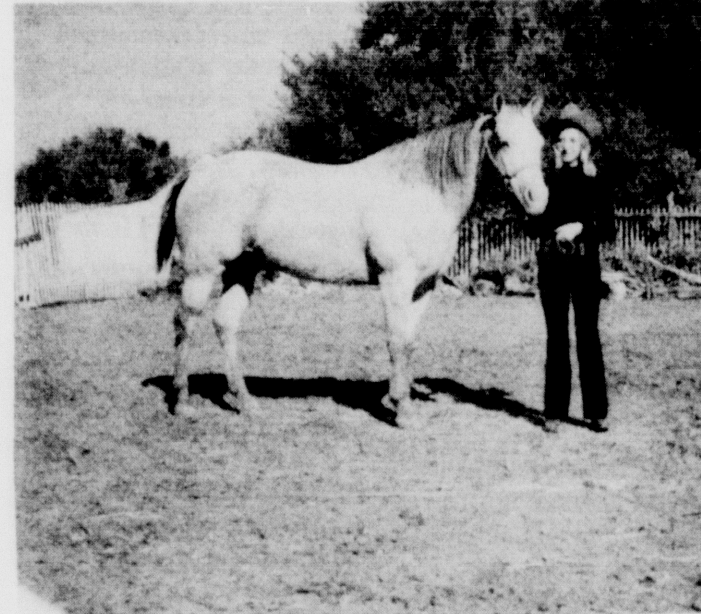

Schedule for the day reads: Sunday School, 10 a.m.; Preaching, 11 a.m.; and Singing, 1:30 p.m.

Everyone is invited to bring a covered dish and a noon meal will be served in the recreational building of the Methodist Church.

## Mrs. Stolte honored on 85th Birthday

Mrs. Robert Stolte was honored on her 85th birthday with a dinner given by her children at the home of Mr. and Mrs. Hobby Schuele.

Relatives and friends from Marlon, San Antonio, Kingsville, Corpus Christi and Hondo helped to make it a pleasant day.

## GRAND CHAMPION MARE

... of Devine 4-H Wranglers Open Showdeo, held last Saturday was Dimples Dilley, owned by Miss Janet Wilson of Hondo.

The Hondo-D'Hanis 4-H "Comancheros" were well represented at the Devine 4-H Wranglers Open Showdeo Saturday, October 21.

Janet Wilson, showing her mare, Dimples Dilley, placed first in mares over age five. Dimples Dilley was also selected as Grand Champion Mare.

Laurie Hollmig, showing Sugar Twila, placed first in

mares under age 5.

Carla Helvey, showing Rio's Mosco, placed fourth in Open Halter placings under age 5.

Janet Wilson also placed second in open western pleasure, riding Chief Little Dot, Sam Centill's Appaloosa stallion, and fourth place riding My Beau in pold bending.

Carla Helvey placed third in western pleasure and fifth in showmanship.

## Squares set Night

The Country Squares Dance Club will have a fun night for old and new square dancers at the Club hall on Monday, October 30, 7 p.m. Club members welcomed their caller Bill Wright home from a year's duty in Thailand last Saturday.

About 200 dancers including 9 callers were present for a night of dancing fun and refreshments.

Bill Wright will conduct the new class.

## The Use of Gas Appliances Conserves Natural Gas

Whenever you're faced with a decision between a gas appliance and the type that operates on power, remember this fact: in this area, both types consume natural gas.

In a gas appliance, naturally, gas is consumed in your home, where the heat energy is applied directly with little waste. With the other type appliance, you use power in your home which has been generated from large volumes of natural gas some distance from your home. The simple fact is that it takes considerably more natural gas to generate that power than would be consumed if you used gas directly. In the case of home heating, for example, over three times\* as much.

Use precious natural resources wisely; specify GAS.

## All she wrote

by Edna McDade

If the "time of the singing of birds" is almost past for the year, the time of the setting back of the old alarm clock an hour (at 2 a.m. Sunday, Oct. 29th) is almost here. Texas and 45 other USA states will retreat 60 minutes to conform to Standard Time once again.

If you have forgotten which four states had whatever it took to remain on what some call "God's time" the year around, they are Hawaii, Arizona, Michigan and Indiana.

These are not listed in alphabetical sequence but follow a mental-crutch pattern which is supposed to help one remember the "hammy" set-up: HAMI.

So much for the passing of time which is off to a new r p m speed for me this month, under the sign of Libra. \*\*\*

In 1905, the Hondo Gin & Milling Company "had six gins running and in good shape" according to our ANVIL HERALD files of that year.

BETTY (Mrs. Alton) HAILE, who took over JUANITA (Mrs. C. E.) HACKEBIEL's paper-composing chores on the AH, spurred my interest in Medina County cotton-growing days when she told me that she and her family (ALTON, NANCY, LEE HARRIS, and RUSTY) had bought the F. MUENNINK farm, complete with an old gin, in Quihi.

Betty has artistic talent and painting is among her many enthusiasms. She dreams of the day when she can restore the gin as an art studio, to be shared with other community members who have similar yearnings.

What potential looms for future MUSEUM DAYS and for bringing back to life the rich history of the area! Lest you forget, next M-Day is scheduled for Saturday, May 5th, 1973. And, if you share Betty's dream for a better tomorrow, do check with her and lend a hand. \*\*\*

Collectors of campaign buttons and other such attention getters in a general election year, should harvest a bumper crop of stickers this year --and let any pun involved fall where it may.

The first buttons were made in 1828 for "Rough & Ready" Gen. Andrew Jackson. When the bumper sticker cycle began, I don't know and where it will end is something else.

I saw one car here with these two recommendations side by side: "Chance McGovern for a change" -- "Eat more Possum". \*\*\*

Last week, JOHNNY MENDOZA, son of the JOHNNY JOE M's and nephew of TONY, was in CC with a group of musicians to play for some festival at the local Coliseum. It was good to have his greetings from Hondo. \*\*\*

A recent Hondo acquaintance (now promoted to friend status) is HILDEGARDE (Mrs. Ray H.) REXROAD, whose husband is on the staff of the radar weather tracking station. Accompanying her at PEDEN REXALL where we met, were son MICHAEL (4) and niece CAROLYN REXROAD whose home is in Pennsylvania. Daughter IRIS (8) was at school.

Hildegard, who comes from Germany, has lived in the US only 14 years and I'd say she has added a special sparkle to every community where she has lived. Her dancing eyes and happy smile radiate happiness. The children joined the family when they were three months and 11 months old, respectively. Their mother says "Never a dull moment. When I was 40 I thought I'd had it, now closer to 50, I think 'maybe' -- life gets to be more challenging and promising every day!" \*\*\*

BERNADETTE ZERR (Mrs. Willie) WAUSON, is among Medina Countians now living in this coastal city. Although we are generations removed, I love her for being the daughter of MARY BELLE and SAM ZERR, and granddaughter of the LOUIS CARLES of D'Hanis.

Besides, I owe Bernadette a belated apology for having called her Bernadine in one of these columns at the time of her recent wedding. \*\*\*

If you've ever been a member of a committee, charged with the responsibility of Getting Something Done, you might appreciate with me something George Bernard Shaw said about economists, by way of definition: "People who if laid end to end, would not reach a conclusion." \*\*\*

Plants of every description (gifts from Hondo friends) made the car look like a traveling greenhouse when I returned.

WARD (Mrs. Paul) POPE, EUNICE (Mrs. B. L.) KOLLMAN, and HELENE WOLLSCHLAEGER and SALLY B. are hereby advised that their green-thumb power extends to the Gulf coast and the plants are beginning to act like they'd lived here all their lives.

## Dora Ney attends Granddaughter's Wedding

Mrs. Dora Ney has just returned from a visit in San Marino, California where she attended the September 23rd wedding of her granddaughter, Kathy Ann Pichel, to David Charles Albo.

The bride's mother, Mrs. George B. Pichel, is the former Dorothy Ney of Hondo.

Wedding vows were exchanged in St. Felicitia and Perpetual Church in Los Angeles, California.

Mrs. Ney was accompanied by her son, Edmund.

## Blue Birds four shop

The Smiley Blue Bird group visited Edna's Flower Shop Tuesday, October 17. The girls toured the shop and were then instructed by Mrs. Donald Muennink as they made corsages.

President of the group is Rebecca Hollmig; reporter, Donna Kay Reed, Jo Beth Taylor is our Blue Bird helper and leader is Mrs. Larry Oeffinger.

The girls would like to thank Mrs. Muennink for this opportunity.

## I'm Here

Lorenzo Jesus Martinez

Mr. and Mrs. Jesse (Jesus) Martinez of Laredo announce the birth of a son, Lorenzo Jesus, at Baptist Memorial Hospital, San Antonio, on October 17, 1972. He weighed seven pounds, 11-1/4 ounces.

Welcoming Lorenzo Jesus are grandparents Mr. and Mrs. Bense Martinez and Mr. and Mrs. Jesus L. Dominguez of Hondo. Great-grandmother is Juanita Lugo Dominguez.

### Here in Hondo

The latest report on L. E. Dugger, who was involved in a car-truck accident on Sept. 16, is that he underwent surgery on his hip on Monday, October 16, at the Baptist Memorial Hospital. He is in the intensive care but is doing as well as can be expected at this time.

## COUNTY 4-H NEWS

### DUNLAY

Four new members have joined the Dunlay 4-H Club. These include Albert Santillano, Robert Boettcher, Timmy Bitzke and Elizabeth Hurtado.

Henry Hurtado led the 4-H motto and Eddie Hurtado the pledge.

The 4-H Banquet held in Castroville was narrated by David Kriewald. Posters entered in the contest were made by brothers David and Ronald Kriewald and Henry and Eddie Hurtado.

A film on wildlife was presented. In charge were Mrs. Harold Bohlen and Mrs. Walter Muennink.

Refreshments were served by Darryl Boettcher and Eddie Hurtado.

Our next meeting will be held on November 13, at 6 p.m.

--Eddie Hurtado  
--Reporter

### NATALIA

On Tuesday, October 17, the Natalia 4-H Club met at the Natalia School Cafeteria.

The meeting was called to order by Carl Gardner. The roll was called by Stefanie Frazier. Bruce McMillan led the pledge of Allegiance and the 4-H Club Motto was led by Joyce Frazier.

A skit on fire safety was presented by Walt, Clinton and Rob Elliott.

Patrolman John Marmore of the Texas Department of Public Safety gave an interesting talk on bicycle rules. Bicycleist booklets of rules and safety were passed out to the members. The new laws concerning bicycle and play vehicles were explained by Patrolman Marmore.

The 4-H members appreciated the fine talk from the local patrolman.

Carl Gardner gave a report on the leadership lab that was held in Hondo recently.

After the adjournment of the meeting, the group enjoyed a recreation hour.

--Bruce McMillan  
--Reporter

### NORTH HONDO

The North Hondo 4-H Club met October 16 for their regular monthly meeting.

Renie Gilliam led the group in reciting the motto and pledge.

Terry Lynn Foster gave the prayer.

Emily Cox conducted the meeting. There was one new member, Alan Collier.

Thirty members and seven adults toured the Universal Rumble plant. Refreshments were served by Kurt Collier, Brenda Bippert, Terry Foster and Renie Gilliam.

--Robin Saathoff  
--Reporter

RECEIVES DEGREE

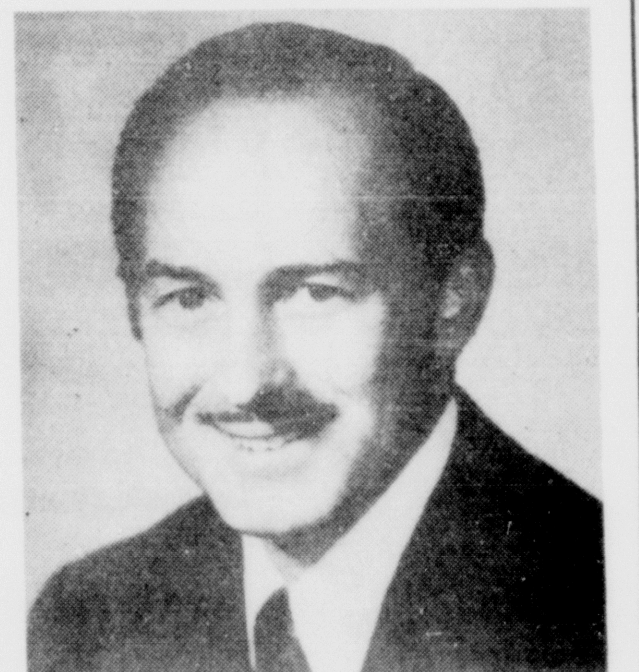

Tim Burke (left), National President of the Future Farmers of America, presents the American Farmer Degree to Bobby Mumme, son of Mr. and Mrs. Stanley Mumme, of Hondo. The American Farmer Degree is the highest degree of membership in the FFA. It was presented to 471 FFA members during the 45th National FFA Convention held in Kansas City, Missouri, October 10-13.

# YOUR HAPPY HOME LOAN HEADQUARTERS

400 North Getty Street, Uvalde, Texas

## You do have a choice! Write in JOHN SCHMITZ

...American Party candidate for President of the United States.

JOHN SCHMITZ ... CONSTITUTIONIST

- The FEDERAL COURTS didn't want you to have a choice!
- The GOVERNOR OF TEXAS didn't want you to have a choice!
- RICHARD NIXON didn't want you to have a choice!

Yes, it is true that only socialist presidential candidates are listed on the ballot in Texas.

The international socialists have tried to destroy the true opposition party (THE AMERICAN PARTY) that stands for free enterprise and the United States Constitution:

- FIRST the international socialists were behind S.D.S. member Arthur Bremer's attempted assassination of Gov. George Wallace, founder of the American Party.
- SECONDLY they spent thousands of dollars at the Louisville convention to prevent the American Party from nominating anyone.
- THIRD they exerted tremendous political pressures to keep the American Party off the ballot in as many states as possible.
- FOURTH their controlled national news media clamped an unbelievable "blackout" on John Schmitz so that you wouldn't even know who he is.

### Please stand on principle...

Do not vote for the lesser of evils as the international socialists would have you do. If you do, you will perpetuate a system that denied you a choice in the first place. This year you can help establish a permanent non-socialist opposition party nationally and in Texas.

WRITE IN John Schmitz for President  
Homer Fikes for Governor

AN ELECTION JUDGE IS REQUIRED BY LAW TO SHOW YOU HOW TO WRITE IN CANDIDATES' NAMES.

Stand Up For America and Individual Freedom!

(Pol, Adv, Pd, For By W, S, Porter)

### The AMERICAN PARTY PLATFORM is easily summarized:

FOREIGN PLANK — Never get into a war that you don't intend to win!

DOMESTIC PLANK — Those who work should live better than those who won't!

Do YOU agree with these statements?

IMPORTANT: If American Party candidates are to be on the ballot in 1974 and 1976, we must get the Texas Election Code law changed, or get 2% of the vote for our candidate for governor, Homer Fikes, on November 7. Remember, if GEORGE WALLACE had been physically able to be our candidate, HIS NAME WOULD NOT HAVE BEEN ON THE BALLOT IN TEXAS THIS YEAR!

CLIP AND SAVE  
Keep in your wallet or purse.

President — John Schmitz  
Governor — Homer Fikes

PHONE

## Frank L. Bain Sr. buys controlling interest in bank

DEVINE--Frank L. Bain, Sr., president of Medina Valley State Bank here, has purchased controlling interest in Security State Bank of Stockdale from his brother, J. H. Bain.

The Stockdale bank was founded by the Bain family in 1932 and was operated by J. H. Bain, Sr. until 1943 when J. H. Bain, Jr. became president.

He will remain president of this bank while Frank, Sr. will be executive vice-president and Frank L. Bain, Jr. will be cashier.

J. H. Bain, Jr. has served on the State Finance Commission since his first appointment by Governor Price Daniel. He was re-appointed by Governor John Connally, and again re-appointed for a six-year term last May by Governor Preston Smith.

Frank, Sr. is a native of Stockdale where he graduated from high school and attended the University of Texas at

Austin receiving his degree in business administration in 1941.

In the Fall of 1942 he entered the U. S. Air Force as an aviation cadet later becoming a pilot instructor during World War II. In 1947 he became cashier of Medina Valley State Bank. He was elected vice-president in 1955, and in 1968 was elected president and chairman of the board.

He and Mrs. Bain are the parents of three sons and one daughter.

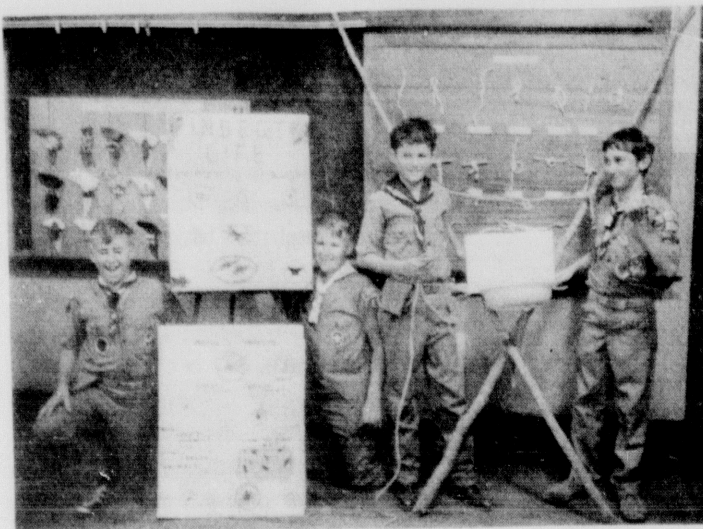

Frank L. Bain, Jr. graduated from Devine High School and attended Texas A&I University on a football scholarship, playing two years on Varsity and receiving his Master's degree in business administration. He then taught at the University of Southwestern Louisiana for three years, and in 1969 joined the First National Bank of Dallas as a loan officer. He and his wife, Lin, are

the parents of two sons, Frank, III and Kevin.

William T. Bain, another son of Frank, Sr. is cashier of Medina Valley State Bank, and also is a member of the board of directors of both this bank and Security State Bank of Stockdale.

He is a graduate of Devine High School and attended Baylor University. In 1968 he was appointed an assistant state bank examiner and served in that capacity until 1969. He has received his degree from the Southwestern Graduate School of Banking at Southern Methodist University.

John Bain, youngest son of Frank, Sr. attends Baylor University, and the daughter, Martha, is a senior in Devine High School. Mr. and Mrs. Frank Bain, Sr. will continue to make their home in Devine.

SCOUT EXHIBITS

... at St. John's School Tuesday evening, Oct. 17, were provided by the scouts of Troop 219, sponsored by St. John's. Shown with their insect display are Douglas (l) and Chris Cole. Displaying knots and lashings are George Jones (l) and Jim Wyman.

### Pre-Christmas sale set

Hondo merchants are preparing their Second Annual Pre-Christmas Sale, which promises to be the biggest yet.

The three-day event is timed this year to coincide with the Regional Marching Contest, which will bring about 3,000 students and adults to Hondo the weekend

of November 16, 17 and 18--Thursday, Friday and Saturday.

This year, as last year, shoppers will be able to register for gift certificates at participating merchants.

Plans were laid out at the Retail Merchants meeting Tuesday night, October 17.

## Settlement News

By Wanda Schott

Mrs. Paul Schott enjoyed a pleasant visit with Mrs. Clara Moehring Wednesday evening.

Mr. and Mrs. Danny Nelson were dinner guests of his aunt, Mrs. Ethel Shedrock of San Antonio Saturday evening.

Mrs. John Lawrence was honored with a baby shower at the Tommy Wanat residence Wednesday evening. Those attending were Mrs. Ray Homer, Paul Schott, Dorothy Masters and Brenda, Diane Bawner, Calvin Schott and Wanda, Pat Masters, Selma Schneider, Danny Nelson, John Tarvin, Bill Bendele and Leah Uhl.

Little Nadine Brieden attended a birthday party for her cousin, Dee Ann Brieden, daughter of the Johnny Briedens, Saturday.

Visitors of Mrs. Teddy Stecker, Friday were Mrs. Albert F. Schneider, Mrs. Victor Tondre, Mrs. Bert Pope and Mrs. Adolph Schraeder.

Mr. and Mrs. Bill Bende-

le enjoyed supper with the John Lawrences and family Sunday evening.

Mrs. William Wengenroth and Mrs. Philip Haby en-

joyed a trip to New Braunfels one day this past week.

### CAMP FIRE NEWS

The Jolly Blue Birds met on Oct. 16th. We ate cupcakes and drank blue soda pops. We played chase and practiced songs. On our Oct. 23rd meeting we met in the Wentz home and decorated Halloween cookies and ate them for our refreshments. We played shadow tag and learned a new song.

By Julie "Blue Jay" Aelvoet

### D'Hanis News

Mary Belle Zerr

Mrs. Carl Rudinger accompanied by Mrs. H. J. Eggen of San Antonio recently visited Mr. Fritz Oehler and daughter, Bernice in San Antonio.

Mrs. Louis Carle, Mrs. O. W. Tondre, Mrs. Joe Mueller, Mrs. Sam Zerr and Mrs. Bud Guinn of Hondo spent Tuesday in Shiner as the guests of Mrs. John Hanacek and Miss Rosalie Malota.

Mr. and Mrs. Herman Fohn accompanied by Mr. and Mrs. Thomas Attaway of San Antonio spent the weekend in Houston visiting in the home of Mr. and Mrs. Joe Sowa and family.

Mrs. Walter Burrell and Mrs. Sam Curtis of Pearsall spent the weekend in Bryan with their children, Mr. and Mrs. Joel Curtis. On Saturday evening, Oct. 21, they attended a pink and blue shower honoring Mrs. Joel Curtis.

Mr. and Mrs. Kenneth McLeese of San Diego, Cal. were the house guests of his aunt and uncle, Mr. and Mrs. O. J. Reinhart, Sr. during the past week. They visited other relatives and on Sunday were the honored guests at a barbecue held at the Reinhart Ranch. Relatives present for the occasion were Mrs. Annie Klasing, Mr. and Mrs. Milton Klasing and their grandson, Gary Klasing, Mr. and Mrs. Ernest Lawrence, Mr. and Mrs. Marshall Ney and Mr. and Mrs. Glenn Duff and son Jayson of San Antonio; Mr. and Mrs. O. J. Reinhart, Jr. of Carrizo Springs, Mr. and Mrs. Melvin Finger and granddaughter Jenny Huebner. Others present were Mr. and Mrs. Lawrence Carle, Terry and Mike, Mr. and Mrs. W. A. Nehr and Mr. and Mrs. James Ruby, Debbie and Angie. Henry Martin Finger visited in the Reinhart home on Sunday morning.

Mr. and Mrs. Edgar Ney of Corpus Christi visited Mr. and Mrs. Wilfred Fohn, Mrs. A. H. Finger and other relatives on Monday.

Mrs. Martin Ney returned home on Monday after spending several days in Houston visiting with her children, the Pat Neys and Mr. and Mrs. Don Fruit. She was joined there by Sister Damiene Finger of Broussard, La. Little Miss Nicole Ney returned to D'Hanis with her grandmother and will be spending the week with her and the Lawrence Carle family.

Mr. and Mrs. Wilfred Fohn spent last Monday and Tuesday in Wall visiting the Louis Fohns. Returning home with them was their granddaughter, Le Anne Fohn, who spent the week with them while her parents were vacationing in Pittsburgh, Pennsylvania. On Monday they were in D'Hanis and were accompanied home by their daughter, Homer Floerke, George Floerke, Mark Ney and Claude Highsmith are home after a successful deer hunting trip near Solida, Colorado.

NOTICE TO BIDDERS

Separate sealed bids for construction of a manufacturing plant for U. S. Bonded Padding Co., Inc. will be received by George Ozuna, Jr., at the office of Ozuna & Associates, Inc., 8118 Broadway, San Antonio, Texas, until 8:30 A. M., November 7, 1972 and then at said office publicly opened and read aloud.

The information for bidders, form of bid, form of contract, plans, specifications, and forms of bid bond, performance and payment bond, and other contract documents may be examined at the office of Ozuna & Associates, Inc., located at 8118 Broadway, San Antonio, Texas. Copies may be obtained at same office upon payment of fifty dollars for each set. Any unsuccessful bidder, upon returning such set promptly and in good condition, will be refunded his payment, and any non-bidder upon so returning such a set will be refunded twenty-five dollars.

The owner reserves the right to waive any informalities or to reject any or all bids. Each bidder must deposit with his bid, security in the amount, form and subject to the conditions provided in the information for bidders. Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract. No bidder may withdraw his bid within 30 days after the actual date of the opening thereof.

## Crawford will lead campaign

Long-time Medina County Democrat Frank Crawford will head up the McGovern-Shriver campaign in his home county.

### Beeville sale scheduled

The South Texas Hereford Association in Beeville will hold the 36th Annual Fall Hereford Bull Sale and 4th Annual F-1 Female Sale in Beeville on Saturday, October 28, 1972.

The Hereford and F-1 female show judging will be held on Friday, October 27,

State Agriculture Commissioner John C. White, co-chairman of the Texas McGovern-Shriver campaign, said, "Frank Crawford is a retired rancher. He knows that George McGovern will do the best job for rural Texans and for all Americans. We are very glad to have a man of such high caliber working for McGovern and Shriver. With the help of Frank Crawford and other loyal Democrats, I feel confident we can carry Texas for the entire Democratic ticket."

# Trinity Commodore Highlights Star

The story of how a bearded, self-appointed commodore and soldier of fortune of the 1930's became the "Titan of the Trinity" is told this Sunday in the Texas Star by Fred Frank Blalock.

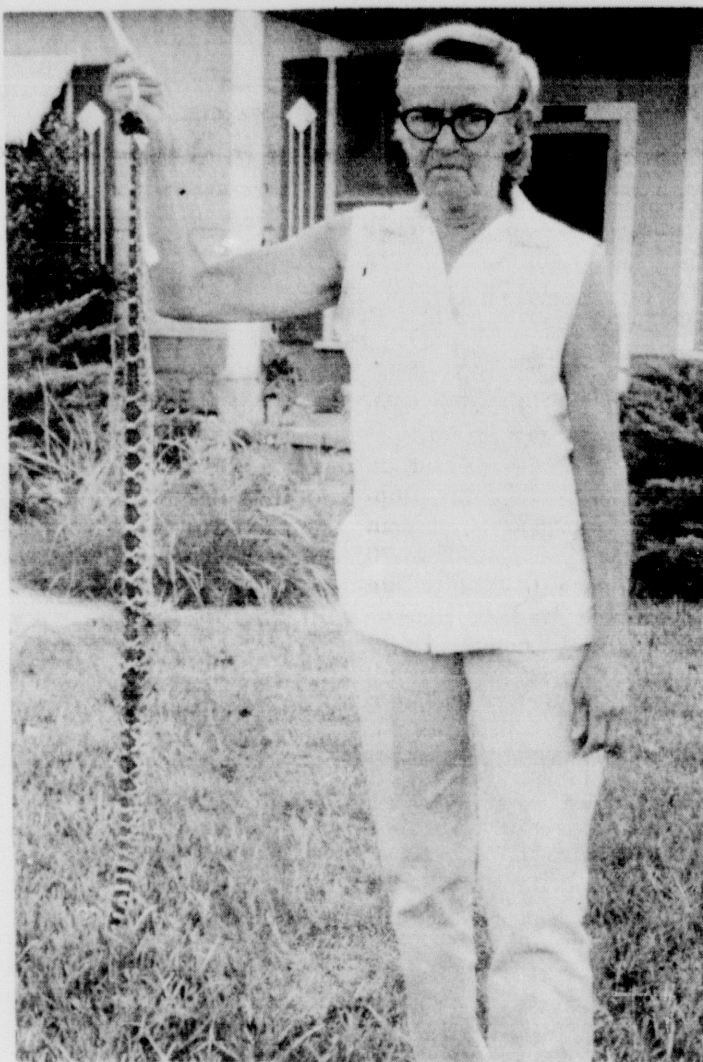

Basil Mase Hatfield's love of the Trinity River and his hopes for its development led to his 21-month voyage on the river's connecting water-

ways from Fort Worth to Chicago.

When the oil boom ended in Breckenridge, the exodus of oil drillers, boomers and camp followers seemed to sound a death knell for what had been one of the biggest of Texas' oil boom towns. Gordon Fulcher reports in Sunday's Texas Star on the rejuvenation of Breckenridge by its dedicated citizens.

To give "trick-or-treaters" a fright, dinosaur skeletons, lizards, snakes and other creepy creatures will hide in the yard of "Mr. Halloween Man".

Appearing in this week's edition of the Star is the story of a San Antonio electrician whose elaborate Halloween displays draw thousands of youngsters and townspeople to his home each year.

## Mrs. Marcellus Garrison to head Tower campaign

U.S. Senator John Tower announced today the appointments of 13 outstanding citizens to the Medina County Steering Committee of Texans for Tower. Named as chairman was Mrs. Marcellus R. Garrison of Hondo.

"We are delighted that so many Democrats and Independents are teaming up with us and putting the best interests of Texas and the United States above party labels," said Tower, who has 11 years seniority in the Senate.

"Now, more than ever before, Texas needs a strong, effective voice on both sides of the aisle in the Senate," he declared. "I appreciate the efforts of these fine Texans, who realize the importance of having a Texas

Senator who can work closely with the White House."

"Other named to the committee were: John Biediger,

and James Christilles, LaCoste; Mrs. Emory Dellevan and Bill Foster, Castroville;

Bruce T. Foster, Mrs. Bruce T. Foster, A. C. Gilliam, T. C. Hill, Sr., Dr. John H. Jennings, and Jim Jordan, all of Hondo; Anthony Petri, Devine; Lawrence Rothe, D' Hanis; and Dr. Woodrow Sharp, Castroville.

## VFW Post plans big barbecue

"You've had chicken barbecue dinners, but we guarantee you ours won't be 'just another dinner'."

That's a promise made by a spokesman for VFW Post #3891 in announcing a Barbecue Chicken Dinner for November 5.

He added: "We are billing this as a rare public of-

fering of savory-yummy chicken prepared by noted veteran experts."

Heavy and light eaters can whet their appetites for chicken barbecue Sunday, November 5. Serving will begin at 11:30 a.m. at the Hondo Firehouse. A half a bird with all the trimmings will be only \$1.50.

## Close to home

This rattlesnake must have gotten lonesome to have wandered (do snakes wander?) into the area along 30th Street. Anyway, he wound up dead when Mrs. Marvin Spratt and friends discovered him at 915 30th St. on the evening of October 10. He was 42 inches long and had 10 rattles. (Photo by Tony Mendoza)

Iona Kristine Adamietz

Mr. and Mrs. Thomas A. Adamietz of Hondo announce the arrival of their first child, a daughter, Iona Kristine, born October 23rd, 1972 at Baptist Memorial Hospital, San Antonio. She weighed six pounds and ten ounces.

## I'm Here

Welcoming the new arrival are Sheriff and Mrs. C. J. Hitzfelder, Hondo; Mr. and Mrs. Henry Adamietz, Bandera; great-grandparents Mr. and Mrs. F. E. Langford of Menard, Texas and Mr. and Mrs. Joe Mazurek of San Antonio.

Kelley Kathleen Bourcier

Sgt. and Mrs. John R. (Walker) Bourcier of Clovis, New Mexico announce the arrival of their first child, a baby girl, Kelley Kathleen, born Thursday, October 5, 1972 at Wilford Hall Hospital. She weighed eight pounds, twelve ounces and she was 20-1/2 inches long.

She is being welcomed by her grandparents, Mr. and Mrs. Kenneth D. Walker of Natalia, and Mr. and Mrs. Nelson Morgan of Route 1, Natalia; also great-grandparents, Mr. and Mrs. Lon Fulton of Route 1, Natalia, Mr. H. C. McMinn of Devine, Mrs. Lettie Morgan of Mooresville, North Carolina.

Mrs. Bourcier is the former Georgia Morgan. Both parents are graduates of the Natalia High School.

# Constitutional Amendments are explained

## AMENDMENT NO. 1 (Amends Article III, Section 24, to provide annual salaries of \$8,400 for Senators and Representatives.)

The current compensation rate for all legislators is \$4,800 in annual salary and \$12 in per diem for the first 120 days of a regular session and for 30 days of each special session. Later proposals to increase legislative compensation were rejected by Texas voters in 1965, 1968 and 1969. A proposal to let a commission set legislative compensation was also rejected in 1970. The proposed amendment, though it increases the annual salary of Texas legislators from \$4,800 to \$8,400, does not make any changes in mileage or per diem allowance.

**Arguments** The legislator can no longer be considered a part-time official. Increasing complexity in the problems of state government and greater expenditure of time as a member of standing and special interim committees meeting between sessions leaves the legislator little time to devote to his private business or profession. Many qualified persons do not become candidates for legislative seats because they are unable or unwilling to make the financial sacrifice involved in service at the present constitutional salary. Raising the salary of members of the House of Representatives and the Senate to a more realistic level would provide a greater incentive for public service. Under the present salary provided, a legislator is forced to engage in outside employment, a business, or a profession in order to have sufficient income to support himself and his family. Such employment would create a conflict of interest which could impair his independence of action as a lawmaker.

**Arguments** A substantial pay increase **Against:** for members of the legislature would further increase costs of state government. Under the constitution, the legislature is required to meet in regular session not to exceed 140 days every two years. Thus the job of a legislator is not a full-time job. Because of high campaign costs, a potential legislative candidate without substantial financial resources would still be discouraged from running for office even if the proposed salary increase to \$8,400 should be adopted.

## AMENDMENT NO. 2 (Amends Article IX, Section 6, to abolish the Lamar County Hospital District and transfer its assets.)

The Lamar County Hospital District was created by amendment in 1960 and no longer operates. Amendment proposal to abolish district and dispose of assets by the county was submitted at the request of the Lamar County Commissioners Court. Amendment is local, and there are no arguments against this proposal.

## AMENDMENT NO. 3 (Amends Article XVI, Section 61, to require all commissioners courts in all counties of the state to compensate all justices of the peace on a salary basis.)

The proposed amendment requires that all justices of the peace in all counties of Texas be compensated by the commissioners courts on a salary rather than a fee basis. Effective date for the new type of compensation would be January 1, 1973. At the present time, all sheriffs, deputy sheriffs and county law enforcement officers, and all constables, deputy constables and precinct law enforcement officers are compensated on a salary basis in all counties of the state.

**Arguments** The proposed amendment **For:** would promote integrity and better justice by removing the possibility of conflict of interest. Several state agencies and associations of law enforcement officers support the adoption of this proposed amendment in the belief that it will tend to increase the dignity and professional conduct of justices of the peace. It would provide uniformity in compensation of justices of the peace. Under the present system, many cases set before justices compensated on a fee basis are routinely appealed and tried in county court. Thus adoption of the proposed revision could expedite the administration of justice by bringing about a reduction in the number of cases appealed and a greater respect for the jurisdiction of justice courts.

**Arguments** The fee system of compensation which is now in use in many of the justice courts of Texas has a tendency to encourage greater diligence among the justices of the peace in these courts. When compensated on a salary basis, a justice of the peace may lose some of his independence by becoming subservient to the commissioners court. A change from the fee basis to a salary

basis of compensation for justices of the peace could result in the loss of excellent justices from the bench.

## AMENDMENT NO. 4 (Grants authority to the legislature to establish constitutional revision commission which would report its recommendations no later than November 1, 1973 and providing that members of the 63rd Legislature would then be convened in January 1974 as a constitutional convention to serve 60 days for the purpose of drafting a new constitution for submission to the voters of Texas.)

The convention would be allowed to sit from January 1974 through May 31, 1974 and could extend its life for 60 days beyond that date. They would be charged with either drafting a new constitution or revising the current one. The only subject matter restriction on the convention as provided by the proposed amendment is that the present Bill of Rights of the Texas Constitution be retained in full. The finished product would then be submitted to Texas voters.

In its 95-year history, the Texas Constitution has been amended over 200 times by procedures set forth in Article XVII, Section 1. There is considerable doubt that this authority to propose piecemeal amendments authorizes complete constitutional revision. Those holding this view believe that approval of the people is necessary before the legislature may embark on the task of proposing a completely new constitution.

The Texas Legislative Council, at the request of the 55th Legislature, completed a comprehensive section-by-section study of the constitution in 1961. In its report to the legislature, the council recommended a number of specific revisions of certain sections and the elimination of other sections considered obsolete rather than a complete revision of the constitution. In compliance with a directive from the 60th Legislature in 1967, a constitutional revision commission recommended a revised constitution prior to the meeting of the legislature in 1969. Two joint resolutions (HJR 60 and HJR 64) were introduced in the 61st Legislature that proposed a revised constitution for submission to the people at the general election in 1970. Neither of these resolutions was reported out of committee. A resolution (HJR 3), however, was passed proposing deletion from the constitution of the obsolete provisions which the legislative council had earlier recommended be repealed. This amendment was approved by the voters at an election held in August, 1969.

**Arguments** There is a real need for a **For:** more workable basic law such as that of the proposed amendment, which would require less periodic revision. As the legislature has always been entrusted with the function of proposing constitutional changes, the legislative body is the logical choice for responsibility in the preparation of a new or revised constitution.

**Arguments** Constitutional reform can- **Against:** not and should not be effected through an entirely new document, which is one of the alternatives open to the convention. Constitutional revision is not a legislative function and should not be delegated as such. A constitutional convention should stem from the people; and, if the State of Texas needs a new constitution or a thorough revision of this basic law, then members of the convention should be elected by the people and subject to them.

## AMENDMENT NO. 5

(Amends Article VIII, Section 2, relating to a tax exemption on certain property owned by a disabled veteran, to provide that exemptions, which would range from \$1,500 to \$3,000, be made on a graduated scale based on the percentage of the veteran's disability.)

The proposed amendment would permit the Legislature to grant property tax exemptions to disabled veterans and to their surviving spouses and surviving minor children. This proposal is permissive in that it does not itself grant a tax exemption but gives this authority to the Legislature should it choose to do so. The tax exemption proposed would be available to veterans classified as disabled by the Veterans' Administration or the branch of military service in which served on a scale corresponding to the degree of disability. Those with a disability rating of less than 10 per cent would not be entitled to an exemption.

With a disability rating of 10 through 30 per cent, veterans could be granted an exemption from taxation on property valued up to \$1,500. From 30 through 50 per cent, they could be granted an exemption to cover property valued up to \$2,000; and for those with a disability rating of more than 50 per cent but not more than 70 per cent, an exemption could be granted for property valued up to \$2,500. A veteran whose disability rating is more than 70 per cent or who has a disability rating of at least 10 per cent and has attained the age of 65, or any veteran, regardless of disability rating, whose disability consists of the loss of one or more limbs, total blindness in one or both eyes, or paraplegia, could be granted the maximum exemption for property valued up to \$3,000. Further, the surviving spouse of minor children of a person who lost his life while serving on active duty with the military could be granted an exemption on property valued up to \$2,500, while the surviving spouse or minor children of a disabled veteran could be granted an exemption from taxation equal to the exemption to which the veteran was entitled when he died.

**Arguments** Persons disabled in the **For:** military service of the United States deserve to be compensated for their sacrifice. The tax relief which may be granted under the proposed amendment is subject to strict limitations. Thus any decrease in property tax revenues collected by the taxing authority would be negligible. The proposed amendment is permissive.

**Arguments** The compensation of dis- **Against:** abled veterans is a federal rather than a state responsibility. Generous benefits are already available to disabled veterans, and the state should not be deprived of income necessary to provide state services to all Texas citizens just to benefit a few. School districts and local governments depend heavily on property taxes for revenue. Adoption of the proposed amendment could be but the beginning of continuing attempts to exempt certain persons or classes of persons from taxation in direct conflict with the intent of "equal and uniform" taxation.

## AMENDMENT NO. 6 (Amends Article VIII, Section 1-b, of the Texas Constitution, to provide that the various political subdivisions of the state may exempt not less than \$3,000 of the value of residence homesteads of all persons 65 years of age or older from ad valorem taxes under certain conditions.)

The proposed Amendment No. 6 would add a new subsection to Article VIII, Section 1-b, to allow political subdivisions of the state to exempt not less than \$3,000 of the value of residence homesteads of all persons 65 years of age or older from all ad valorem taxes levied by the political subdivision.

During the decade of the depression, interest began to develop in the possibility of abolishing the state ad valorem tax as a means of reducing the burden of property tax on Texas citizens. In 1932, the first step in this direction was taken with the adoption of an amendment which added Section 1-a to Article VIII to exempt \$3,000 of the assessed taxable value of all residence homesteads from all taxation for all state purposes. Then in 1948, the present Sections 1-a, 1-b and 1-c were adopted, and effective on January 1, 1951, the state abandoned property tax for its revenue purposes, with a few minor exceptions, although the ad valorem tax remained a major part of the tax structure of the political subdivisions of the state. The amendment in 1948 also provided that the exemption of \$3,000 valuation of the homestead apply to both state and county taxes.

The proposed Amendment No. 6, would extend further the homestead exemption by allowing a county, city, town, school district, or other political subdivision of the state to exempt not less than \$3,000 of the value of residence homesteads of persons at least 65 years of age from all ad valorem taxes levied by the political subdivision. This provision is not mandatory, but stipulates alternative methods of determining the exemption. The governing body of the political subdivision may allow the exemption by its own action, or the voters may determine by majority vote to allow the exemption at an election to be held on receipt of a petition signed by 20 per cent of the voters who voted at the subdivision's last preceding election.

**Arguments** Ad valorem tax is the **For:** basic form of taxation which counties, cities, towns, school districts, and other political subdivisions depend upon for reve-

nue. Therefore, the present homestead exemption does not grant any of the relief needed from the most burdensome ad valorem tax existing in Texas today. The senior citizen who lives on a fixed income is hurt by inflation and needs the protection and relief which the proposed amendment would allow. The proposed amendment protects the local government and its creditors by granting the option of allowing or not allowing the exemption.

**Arguments** The reduction of tax reve- **Against:** nues of city, school and other taxing districts could handicap the political subdivision in performing essential functions and services. A basic concept in Texas laws demands that property taxes shall be equal and uniform, with all property taxed in proportion to its value. Special tax treatment for one age group would be inequitable and discriminatory and result in shifting a greater tax burden to all the age groups which are not granted such exemptions. Social Security, retirement, and welfare programs of today so assist those over 65 that the need for further protection of the homestead is consequently diminished.

## AMENDMENT NO. 7 (Amends Article I by adding a new Section 3-a to provide that equality under the law shall not be denied or abridged because of a person's sex, race, color, creed, or national origin.)

The proposed amendment adds a new section to the Bill of Rights in the Texas Constitution. The Texas Constitution does not expressly prohibit discrimination because of sex, race, color, creed or national origin. On adoption, the amendment increases the constitutional guaranty of equal rights to all persons by prohibiting this discrimination. This proposed amendment to the Texas Constitution is consistent with the 14th Amendment to the United States Constitution and The Civil Rights Act, but it is designed expressly to provide protection which supplements the federal guarantees of equal treatment.

**Arguments** The protection afforded **For:** by constitutional guarantees is more effective than statutory prohibitions and the repeal or amendment of discriminatory statutes. Discrimination exists in many fields, and only a comprehensive equal rights amendment can change completely the status quo.

**Arguments** The proposed amendment **Against:** is not necessary because discriminatory laws now existing may be repealed by statute. Adoption of the proposed amendment could result in confusion and litigation as to the meaning of "discrimination."

## AMENDMENT No. 8

(Amends Article IV, Sections 4, 22 and 23 of the Texas Constitution, to provide four-year terms for the offices of governor, lieutenant-governor, attorney general, comptroller of public accounts, treasurer, commissioner of the general land office, secretary of state, and certain statutory state officers.)

This proposed amendment would establish four-year terms for certain elected and appointed state officials whose term of office is not two years. If the amendment were adopted, the four-year terms would apply to officials elected or appointed following the general election in 1974.

**Arguments** State officers elected for **For:** four-year terms would have sufficient time to master the functions of office before embarking on campaigns for re-election. By spending less time on campaigning, officials would be able to devote greater energy to their prescribed duties. Becoming effective with the general election in 1974, an off-presidential election year, the proposed amendment would perpetuate elections for state office in non-presidential election years, thus generating greater interest in state politics. Expenses in campaigning for state office have become so exorbitant as to make it impossible for many highly qualified individuals to become candidates. A four-year system of elections would almost halve the campaign expense involved. Better candidates could result and greater integrity in office would be encouraged. In 39 states the governors are elected for four-year terms of office.

**Arguments** Long terms of office tend **Against:** to alienate the official from the electorate, making him less responsive to the rise and fall of public opinion. Too much power is inherent in four-year terms. Over half of the states in which four-year terms have been authorized have

included provisions as a safeguard against the service of consecutive four-year terms by the governor.

## AMENDMENT NO. 9 (Amends Article XVI, Sections 33 and 40, exempting directors of soil and water conservation districts from the prohibitions against dual office-holding and dual compensation.)

This proposed amendment exempts directors of soil and water conservation districts from constitutional prohibitions against holding more than one civil office of emolument and against payment of compensation to persons holding more than one office or position of honor, trust, or profit under this state or the United States. The amendment would prohibit a member of the legislature from holding the office of director of a soil and water conservation district. It is doubtful that this adds anything not already prohibited under the existing provisions.

**Arguments** In many of the less popu- **For:** larous areas of the state, a shortage of qualified people renders positions as director of soil and water conservation districts difficult to fill. The proposed amendment would increase the available manpower for these positions by freeing public employees to fill them.

**Arguments** The existing constitutional **Against:** prohibitions are intended to prevent concentration of public jobs among a relatively few people and to spread public jobs as broadly as possible. Persons holding positions as directors of soil and water conservation districts together with another public office or position could find their time and attention too divided to permit the performance of either function efficiently and capably.

## AMENDMENT NO. 10 (Amends Article XVII, Section 1, permitting the submission of constitutional amendments at special as well as biennial regular sessions and changes the method of publishing notice of the proposed amendments.)

The proposed amendment of Article XVII, Section 1, which relates to the method of amending the constitution includes the provision that amendments are to be voted upon "by the qualified electors for statewide offices and propositions, as defined in the Constitution and statutes of this State," a change from the present language stating that the proposed amendments are to be voted on "by the qualified electors for members of the Legislature." It also changes the provision on (1) the time at which the legislature may propose constitutional amendments, and (2) the time and method of publishing notice of proposed amendments.

**Arguments** The proposed Amendment **For:** No. 10 would permit greater flexibility in the time at which amendments may be proposed in order that emergency situations may be met. The publication of an explanatory statement, as required by the proposed amendment, would give voters a better understanding of the amendment than it is possible to obtain from the text of the amendment itself. On the average, the length of the explanatory statement and proposition, as provided by the proposed amendment, would be considerably less than the length of the entire resolution, and publication costs for individual insertions would be greatly reduced. The proposed amendment's reduction in the length of time between the first publication and the election (from three months to 60 days) would permit an earlier election in cases of emergency.

**Arguments** Changes in basic law **Against:** should not be proposed in haste. The likelihood of dire emergency situations which could be solved only by a constitutional amendment is not great enough to justify opening the door to submission of proposals made without proper consideration and deliberation. It is dangerous to commit to any individual the authority to prepare the official statement of what an amendment does. There is always the possibility that the statement will be slanted, either consciously or unconsciously. Publication costs would likely be higher as proposed by Amendment No. 10 than under the present system. The increase in the number of voters who would receive papers carrying the notices is not sufficient justification for the increased cost. In fact, very few voters read the official notices.

## AMENDMENT NO. 11 (Amends Article IV, Section 17, adding a new Section 24a to Article III to provide a salary of \$22,500 for the

Lieutenant Governor and the Speaker of the House of Representatives.)

Historically, the Lieutenant Governor and the Speaker have received the same compensation as the members of the houses over which they preside, and the only increases in salary received have been those same increases provided for members of the legislature. The proposed amendment would recognize these officers as full-time state officials by increasing the salaries of each from \$4,800 per year to \$22,500 per year.

**Arguments** The leadership and admin- **For:** istrative ability demanded of the presiding officers of the two houses of the legislature places those holding these positions on a level with other full-time state officials. Therefore, they should receive salaries commensurate with their duties and responsibilities. During legislative interims regular members of the legislature have time to return to their homes and to carry on their private businesses and professions. This is not true of the presiding officers of each house of the legislature, and these officials should receive adequate salaries in compensation for losses they must sustain in order to give their full time and effort to the business of the Texas Legislature and state government.

**Arguments** The proposed amendment **Against:** would authorize identical salaries for both the Lieutenant Governor and the Speaker. Compensation for these officials should not be equal unless a change is made to make both equally responsible to the Texas electorate. The proposed amendment would establish the salary for the presiding officers of the two houses of the Texas Legislature at \$22,500, a sum which is \$18,000 more than the salary of other members of the Legislature. The salary increase is disproportionate to the duties performed by these officials.

## AMENDMENT NO. 12

(Amends Article XVI, Sections 33 and 40, permitting state employees to serve as members of governing bodies of school districts, cities, towns and other local governmental districts without forfeiting their state salary and revises the restrictions on dual office-holding and dual compensation.)

The proposed amendment makes the following changes in Article XVI, Sections 33 and 40, of the Texas Constitution: 1) A provision is added allowing state employees or others compensated by state funds, who are not state officers, to serve as members of the governing bodies of school districts, cities, towns, or other governmental districts, while still drawing a state salary, but receiving no salary as a member of the governing body on which they serve; 2) Reserve and retired members of the air force and coast guard and officers of state soil and water conservation districts are exempted from the prohibition on dual office-holding (members of the army, navy, marines and probably the air force were already exempted by existing provisions); 3) The existing provision permitting non-elective state officers to hold other non-elective offices is changed by deleting the requirement that the Legislature must first permit this dual office-holding and may limit or restrict it; 4) A provision is added permitting a member of the legislature to be a notary public; 5) The section on dual compensation is amended by prohibiting the holding of more than one "civil office of emolument" rather than using the present language, "office or position of honor, trust, or profit," which presently covers any paid state job as well as any office; 6) The wording of the prohibition on dual compensation is changed from "The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury" to "the accounting officers in this State shall neither draw nor pay a warrant or check on funds of the State of Texas, whether in the treasury or otherwise."

**Arguments** In some cities and towns **For:** state employees constitute a large percentage of the population. This proposed amendment would allow these persons to serve on city councils and school boards in such communities without sacrificing their state salaries. The proposed amendment would allow communities to utilize the abilities of highly-trained state employees at no additional cost in state salaries.

**Arguments** There are a sufficient **Against:** number of qualified citizens in any community to fill offices in governing boards of cities and local districts. Service in two capacities could result in such a heavy workload that a state employee would have to divide his or her time to the possible detriment of one or both jobs. The pro-

## More about . . .

## Constitutional Amendments

Continued from Page 9

posed amendment would remove the power of the Legislature to prohibit or restrict the holding of more than one non-elective state or federal office.

## AMENDMENT NO. 13

(Adds a new Section 65 to Article III increasing the maximum interest rate limitation to an amount not to exceed a weighted average of 6 per cent for bonds issued pursuant to constitutional authority presently having a specified ceiling.)

The new section would provide that agencies, instrumentalities and subdivisions of the state that are authorized to issue bonds whose maximum interest rates are limited by the constitution could issue future bonds with maximum interest rates not to exceed a weighted average annual interest rate of 6 per cent. The proposed Section 65 would be effective on adoption of Amendment No. 13 by the voters, and all constitutional provisions which set conflicting interest rates would be repealed. Among programs which would be affected by this amendment are the parks program of the Texas Parks and Wildlife Department and the veterans' land program managed by the Veterans' Land Board.

## Arguments For: Adoption of Amendment No. 13 would make it possible for certain state and local agencies to provide for higher interest rates on future bond issues, thereby allowing the bonds to compete for sale on the open market on an even footing with bonds issued by other entities. Failure to adopt would result in curtailment or discontinuance of many state programs.

Arguments Against: Increasing the constitutional limit on maximum interest rates for bonds issued by certain public agencies would permit those agencies to provide higher interest rates on future bond issues, which, in turn, would require increased tax revenues from Texas citizens.

## AMENDMENT NO. 14

(Amends Article VII by adding a new Section 6-b to permit the commissioners court of a county to reduce the county permanent school fund and to provide for the per scholastic distribution and use of the money obtained from this reduction.)

Starting in the days of the Texas Republic and on two occasions after statehood, portions of the public domain (lands) were set aside for each county to help set up schools. Proceeds from the sale of such lands have to be invest-

ed in bonds and other specified securities, and currently only the earnings from such investments may be spent for school expenses. The proposed Amendment No. 14 would add a new Section 6-b to Article VII of the Texas Constitution which would allow the commissioners court of a county to distribute a portion of the county permanent school fund to school districts in the county on the basis of scholastic population for the purpose of reducing bonded indebtedness or making permanent improvements. The commissioners are required by the proposal to retain a sufficient amount of the corpus of the county permanent school fund to pay ad valorem taxes on school lands or royalty interests owned at the time of the distribution.

## Arguments For: Many school districts need new buildings and other permanent improvements but lack funds to finance them. Some have already incurred bonded indebtedness up to statutory limits; others have reluctant electorates which repeatedly refuse to sanction the issuance of bonds and the resulting increase in tax rates. By utilizing a portion of the county permanent fund for the purpose of making permanent improvements or reducing bonded indebtedness on improvements already made, the financial strain on school districts would be eased and adequate educational facilities in the county would be assured. A reduction in the size of the county permanent school fund would not make a significant difference to the schools in the county in the long run. A smaller permanent school fund would, of course, produce less income for the available school fund; the amount of the county's available school fund, however, is taken into consideration in determining the county's contribution to the state minimum foundation school program. To the extent that the county is less able to support the program, the state would be required to contribute a greater amount.

Arguments Against: The policy of reserving public lands for the benefit of the school fund of each county dates back to 1828. Although allowing the commissioners court to reduce the permanent school fund would ease present financial stress, the loss in future interest income which this procedure would entail would deny future generations a source of income for educational purposes. Since the reduction in the corpus of county permanent funds would reduce the amount of income produced at the county level, a greater portion of financial aid would have to come from the state.

## D'Hanis rips Natalia Mustangs 48-20

The Cowboys of D'Hanis put it all together last Friday night, and snapped a four-game winless streak by crushing the Natalia Mustangs 48-20.

The first scoring threat of the game came on Natalia's first possession, where they moved down to the D'Hanis 13-yard line before a fourth-down goal try went wide. That kick was the only scoring threat by either side in the first quarter.

D'Hanis scored its initial touchdown on a second-down pass from the Cowboy 44, which saw Cowboy quarterback Ricky Rothe connect with David Villareal, who was wide open. The kick by David Santos for the extra point was good, and D'Hanis led 7-0 with 7:50 left in the half.

The Cowboys struck again seconds later. A clipping penalty against Natalia on the kickoff put the Mustangs on their own 14-yard line, and their first play from scrimmage was a pass by quarterback Joe Hartley. David Nester moved in front of the receiver, and stole the pass, running down to the Mustang 6. From there, Ricky Rothe drove over in three plays to make the score 14-0 after another good kick, with 5:30 remaining in the second quarter.

Natalia got on the scoreboard just short of the half-time whistle on a halfback pass play from Benny Hernandez to Danny Rangel, which covered 42 yards for the score. The PAT was no good, and the half ended 14-6, D'Hanis.

The third quarter was about four minutes old when Spencer Burrell capped off a long D'Hanis drive with a nine-yard run to the end zone. Once again, the PAT was true, and the Cowboys moved ahead 21-6.

Taking the ball next on the Natalia 28, Bobby Joe Rothe hit Charles Hood for a touchdown pass, and with a wide kick, the score stood 27-6 with 2:25 still remaining in the third quarter.

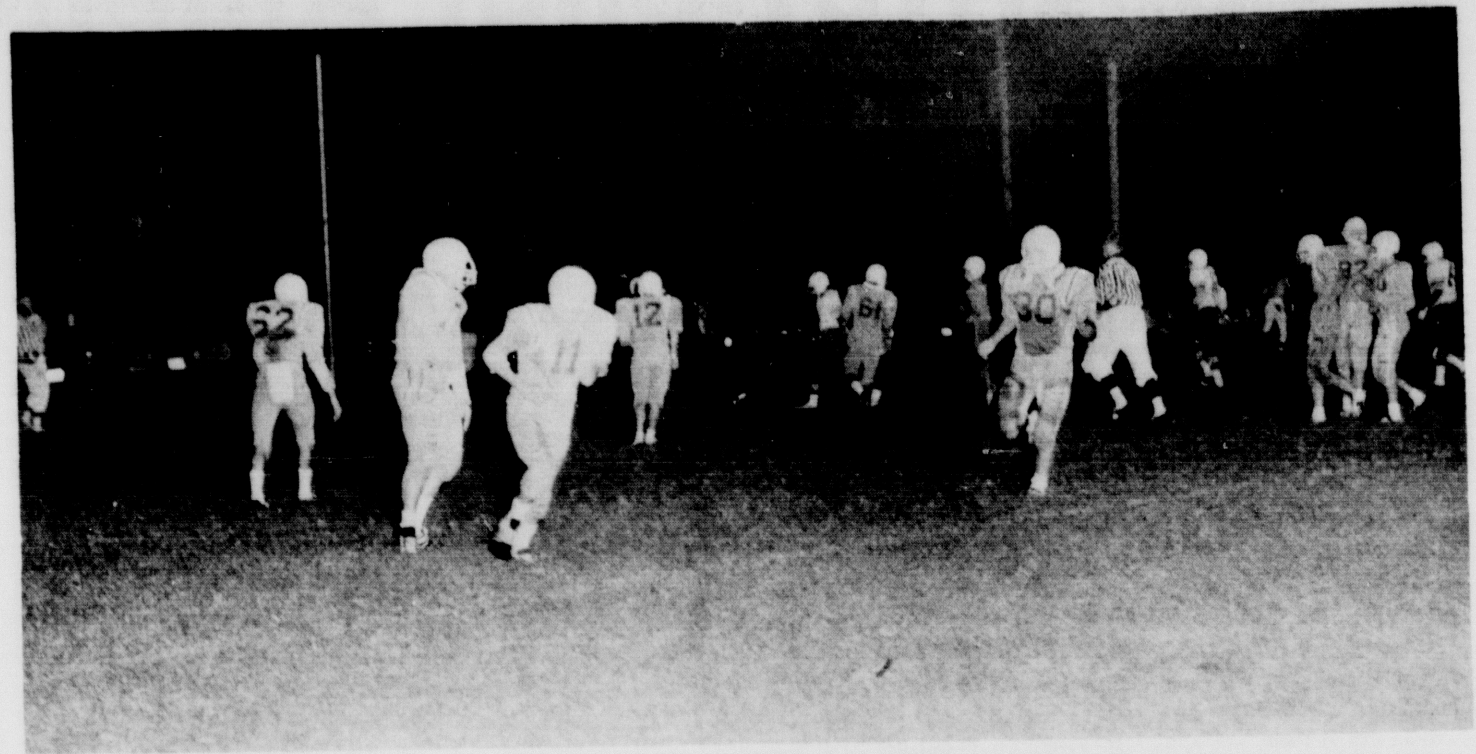

Nester swiped a second aerial to put the Cowboys in business again on the Natalia 20-yard line, and in only three more plays Ricky Rothe hit Hood with his own touchdown pass of 12 yards. After Santos kicked true, D'Hanis stood at 34-6 with only six seconds gone in the fourth quarter.

The scoring spree of the Cowboys remained alive as Nester stole yet another Hartley pass, taking the ball to the Mustang 24.

Another Hood reception brought the ball to the three, and Spencer Burrell went over two plays later. The kick was good and the Cowboys, scoring 27 points in ten plays, led by 41-6 early in the fourth quarter.

But Natalia had some bright moments in store too. After their one sustained scoring drive of the evening, Mustang David Kirkwood rounded right end for a six-yard touchdown run. A fake-kick extra point try netted two more, and the score with 8:03 remaining stood 41-14.

D'Hanis returned the favor with a 79-yard drive of their own, and Bobby Joe Rothe went the final 16 yards a-

WE DID IT!

. . . says Cowboy running back Spencer Burrell as

round left end for the touchdown. Santos again kicked straight, and the Cowboys were through scoring, at 48-14.

But Natalia was not finished yet. Taking the kickoff at their own 37, the Mustangs set up. Bobby Hernandez took a handoff on first down, and went all 63 yards to paydirt with five minutes left. The kick was again wide, and the wild affair was over with the Cowboys

still on top, 48-20.

Natalia ran a total of sixteen plays for the entire second half.

The Cowboys face an open date this week, to prepare for their district opener against Medina on November 3rd in Medina.

## EVERYONE IS INVITED ...

FATHER HENRY MURPHY, M.M. SAYING FIELD MASS IN GUATEMALA

D'HANIS--Father Murphy will visit the local Holy Cross Church Saturday and Sunday to hear Confessions Saturday from 4:30 to 5:30 p.m. and again from 6:30 to 7:30 p.m.; he is able to hear confessions in English and Spanish. He will preach at the 7:30 p.m. Saturday and at the 7:00 a.m. and 10:00 a.m. Masses on Sunday. He will preach on the missionary work of the Maryknoll Fathers, their needs and monthly magazine called "Maryknoll". After each Mass the people are invited to donate to the missionary cause and subscribe to "Maryknoll" for \$1 a year or \$5 for six years. Father Murphy has been working in the Diocese of Guatemala under Bishop Hugo Gerbermann, M.M., a brother of the Rt. Rev. Msgr. John J. Gerbermann, former pastor here and LaCoste. The parishioners and people in the area are cordially invited for confessions, Masses, and contributions for the cause, as announced by the Very Rev. Victor G. Schmidtzyński, V.F., Pastor.

Father Henry Murphy, M.M. is Regional Director of the Maryknoll Fathers. His region covers Texas, Oklahoma and part of New Mexico. He is stationed at the Maryknoll House in Houston. Father Murphy is a native of Milwaukee, Wisconsin. He served in the Merchant Marine during World War II and then as an Army Sergeant in Japan. He was ordained a Maryknoller in 1958 and assigned to Guatemala. Father hopes to return to his mission there after his Stateside appointment.

## Cards of Thanks

We want to express our  
sincere thanks to Father  
Larry Steubben, Father Geo.  
Steubben for the inspiring  
services also Father Emmet  
Carolann for all the visits and  
blessing from all three Priests,  
to all the staff at Brown's  
Nursing Home, Dr. Parker  
and Walter Meyer, to Guinn  
Tondre Funeral Home and  
the Pallbearers. For the Spir-  
itual, Memorial offerings, the  
food and to Mr. and Mrs.  
Deliver Dorries, Mrs. Vic Hil-  
ber for serving the meal  
and all kindness shown. May  
God Bless each and everyone.  
The Family of  
Mary A. Schneider  
10-26-1tp

We think God made some-  
thing special, when he en-  
dowed some with the talent  
and the will to work with the  
sick. To everyone at the hos-  
pital, Dr. Walter and Dr.  
Parker Meyer, Rev. Carolann  
and Rev. Reed and friends  
and relatives for their flow-  
ers, cards, calls, visits and  
prayers, we say many thanks  
and may God Bless you all.  
Thanks also for my birthday  
cards, calls and gifts.  
Pearl and Louie Rucker  
10-26-1tc

We would like to express  
our heartfelt thanks for all  
the cards, flowers, memo-  
rials, food, and prayers. We  
especially would like to thank  
Rev. Dubberly, the choir,  
pallbearers, doctor, and the  
nursing home that were so  
kind and considerate to our  
mother during the time of  
her illness. God bless you  
all.

## Tickets in short supply

Seating space for the Devine game tomorrow evening is in short supply, reports School Superintendent Kenneth Flory.

Heavy demand early in the week quickly dried up the supply of reserved seats for the contest.

To make it simpler to buy a ticket, Flory announces that non-reserved, general admission tickets will be sold during regular hours at the

School Administration Office until closing time Friday.

These tickets entitle the bearer to use seats in Section K on the east side of the field, on a first-come, first-served basis. Those unable to find seating may stand along the sidelines, as usual.

Gates at Barry Field will open at 7 p.m. Friday and additional general admission tickets will go on sale then, in the box office.

### Preview

## Devine Warhorses

Devine brings to town another passing threat in the person of senior quarterback Paul Jette.

The Warhorses have amassed an impressive record already this year behind the aerial attack of Jette, who passed for 1,117 yards last year with a completion average of 59%.

On the other end of many of those passes is Robert Hundley, a senior like Jette.

Devine finished 7-3 last year, and have eyes for the

title this fall. Picked by the district's coaches to finish third this year behind Hondo and Pearsall, the Warhorses have a chance to embarrass the pollsters and grab the top spot.

Linemen with experience are in short supply, but with Walter McAllister at center, and David Hundley and John Yarbrough at guard, the "Horses" have a strong base to build on.

Look for Randall Kendrick at the running back position.

## B's, Frosh take on Devine

The first Hondo team to meet the Devine Warhorses this week will be the Owl Freshmen, who journey to Devine tonight with the B-Team for a pair of contests.

The B-Team is 4-2 for the season so far, while the

Frosh record stands at 3-2-1. Both teams have provided exciting action in past games this season, and they could

do a lot to fire the spirits for Friday's main event by taking a pair from the "Horses" this evening.

## Harmon Pro Forecast

SUNDAY, OCTOBER 29

LOS ANGELES .. 24 OAKLAND..... 23

Match-up between leaders of the AFC and NFC Western Divisions. It's not too far-fetched a thought that this just could be a preview of 1973 Super Bowl.

N.Y. JETS..... 31 NEW ENGLAND.... 14

Should be a repeat of two weeks ago when Jets bombed Pats, 41-13 ... further trouble for New England: This one is in Shea Stadium.

CINCINNATI... 27 HOUSTON..... 13

Still leading AFC Central Division, Paul

Brown's Bengals, playing at home, are strong favorites to hand Oilers another defeat.

WASHINGTON.. 17 N.Y. GIANTS..... 10

Giants have continued come-back behind leadership of Norm Snead. Redskins must buck rejuvenated New Yorkers and pesky Yankee Stadium to win by touchdown.

MIAMI..... 24 BALTIMORE..... 10

Colts' coaching change won't put any special

hex on Dolphins' ex-Baltimore quarterback Earl Morrall ... Miami stays undefeated. Bills scared

Dolphins ... Colts can too!

CHICAGO..... 20 ST. LOUIS..... 16

Bears' "quarterback-running-back" Bobby

Douglas gives Chicago another three-back offense ... further trouble for Cards, already four-

time losers.

KANSAS CITY.. 26 SAN DIEGO..... 20

AFC Western Division rivals fighting to keep

pace with Oakland. Again the health of both

Chiefs' quarterbacks is big factor in outcome of

this one.

MINNESOTA.... 20 GREEN BAY..... 19

Here's good NFC Central Division battle ...

fine young Packer quarterback against scrambling

experienced Viking q'back. Age and experience

might not pay off here.

CLEVELAND.... 27 DENVER..... 23

This game could have upset written all over it,

but at this point we're not sure who favorite should

be ... Cleveland is 3 and 3 ... Broncos scared

cleats off Vikings.

MONDAY, OCTOBER 30

DALLAS..... 23 DETROIT..... 13

Lions tripped up by Packers two Monday nights

ago after strong first half, and they'll have more

Monday night problems, this time with Cowboys.

## Football Dates Moved

Schools within District 28-AA were notified by Bailey Marshall, State Athletic Director of the University In-

terscholastic League, that their 1973 football alignment will be the same as that of 1972. All schools will remain as they are at present, within the district.

JOHNNIE MORALES,

Owner/Operator

One change in policy from that of recent years is a new schedule which allows schools to start workouts and play the first game one week earlier than in the past.

All districts will have eleven dates in which to play ten games.

The first playing date is on September 6, and the last playing date prior to the playoffs is November 17.

Loans to  
buy land  
...or for  
other needs

Sure, your Land Bank makes loans to buy farms and ranches. But most borrowers now use the Land Bank for other purposes: To refinance debt, build or remodel a home, improve buildings or land, even money for education. So whether you're buying land or need additional capital from present equity, investigate the Land Bank. With over 20 loan plans, we probably can meet your particular loan needs.

## Natalia & Chacon Lake News

By Mrs. I. W. Thompson

Mrs. Lillie M. Pursch is making frequent trips to LaCoste to visit her daughters, Mrs. Ethel Williams and Mrs. Lillie Ross, formerly of San Antonio, who is at the Williams home ill with a heart ailment.

Mr. and Mrs. Roy Linhart, who are teachers in New Braunfels School, came Sunday for the day with their parents, Mr. and Mrs. Erich G. Linhart, and Mr. and Mrs. Howard Wiemers in Devine.

Mrs. Veda Kirby and William, Austin, came Friday evening for the weekend with her parents, Mr. and Mrs. W. E. Saunders and their daughter-in-law, Mrs. Clifford Saunders, Sharon and Keith, Houston, arrived on Sunday morning and visited until Tuesday morning.

Lonnie Gene Traylor, who is stationed at Barksdale AFB at Shreveport, La., arrived home Sunday evening by car and visited until Tuesday afternoon with his parents, Mr. and Mrs. Creed Traylor, David and Dennis.

Mrs. Frederick W. Welz returned home Thursday after having been a patient in the Baptist Memorial Hospital two different times since Friday, Sept. 22, first for knee surgery and the second admission was for eye surgery.

Reports are she is doing well.

Mrs. G. D. (Loretta) Redus was admitted to the Castroville Hospital Thursday and she had major surgery on Friday morning. The Reduses have as their house guests, her parents, Mr. and Mrs. R. E. Perkins, Weatherford, who arrived Thursday.

Mrs. Creed Traylor honored her son, Dennis, on his eighth birthday Wednesday, October 4, from 4 to 6 at their home. Guests included Leslie Oult, Brian and Kathy Schott, Michelle Pundt, Mary Calame, Bobby Morger, Mike Yantis, Rosie Moughan, Tom and John Oppelt, George Banks, Ronald Dorahn and Janice DaBose. Games were played and favors of bubble gum and candy were enjoyed and refreshments of cake, ice cream and punch were served by Mrs. Traylor assisted by Mrs. Marsha Garrett.

Mr. and Mrs. Wayland B. Day returned home Friday afternoon after having been on vacation since Wednesday, Sept. 20, touring the Cascades in Oregon and visiting Mrs. Day's sisters and brothers-in-law, Mr. and Mrs. Bill McCarty and Mr. and Mrs. Vernon Walker in Bend, Oregon and her nephew and family, the J. D. McCarty's in Redmond, Oregon.

### Brown's Nursing Center news

Mrs. E. C. Braun, Hilda Tondre and Mrs. Milton Bendele visited their mother, Mrs. Regina Burell.

Mr. and Mrs. A. C. Engelhardt visited with Pauline Hart on Wednesday.

Visiting Mrs. Emma Love was Mr. and Mrs. Alex Montgomery.

Mrs. Dan Burell, Mrs. Jack Boehme, Mrs. Henry Ahl of Castroville and Mr. and Mrs. Richard Ahl of New Braunfels visited Mrs. Regina Burell on Sunday.

Mrs. Minnie Davis, Mrs. N. M. Ahl of Comfort, were Sunday visitors of Johanna Leinweber, Mrs. Blanche Hall and Mrs. Regina Burell.

Mrs. Amy Frazier and the Hart family hosted a double birthday party for Teodoro Leal, Julius Marquez, Placido Rodriguez, Mary Bohmfalk, Pauline Hart, Willie

Maennink and Myrtle Donoho whose birthdays are in October. The patients enjoyed the two cakes and punch that was served.

Visiting Mrs. Annie Naegelin was Mrs. Mike Tschirhart and Derek, Mrs. Clarence Tschirhart and Mrs. Albert Tschirhart.

Visiting Clara Neuman and Emma Love on Saturday was Mrs. Frank Neuman of Devine.

Mr. and Mrs. Allen Ihnken and Ricky of Devine visited Mrs. Annie Naegelin; also visiting Mrs. Naegelin was Mr. and Mrs. Henry Schott.

Mr. and Mrs. L. G. Evans visited Mrs. Emma Love on Saturday.

Leon C. Groff of Castroville visited his mother, Mrs. Pauline Groff.

Calvin Hardt of Devine, Jesse Lockhart, Jr. of Rocksprings and Edson Oefinger of Dunlay.

### Bull sale in Uvalde

The 10th Annual Southwest Texas Registered Beef Breeders All-Breed Bull Sale has been set for Tuesday, October 31, beginning at 1 p.m. in Uvalde, president Tom Walker of LaPryor has announced.

This will be the second year that the sale will be held at the new Agricultural Barn at Southwest Texas Junior College on FM 1023 just 1-1/2 miles east of Uvalde. New additions have been added to the barn since the 1971 sale to facilitate the handling of the stock and for the comfort of the buyers.

Catalogues describing the stock to be sold can be secured from secretary Darrell Smith at P.O. Box 1185, Uvalde, Texas 78801, or by calling him at A/C 512, 278-3114.

The current officers of the association are Tom Walker of LaPryor, president; Charles B. Colvin of Sabinal, vice-president; Darrell Smith of Uvalde, secretary; and Fred J. Horner, Jr. of Uvalde, treasurer. Directors are C. P. Arndt of Sabinal, Raymond Hicks of Bandera, Leo Frerich of Brackettville, Tom Brangan of San Antonio, J. M. Chittim of Leakey,

A Weekly Report Of Agri-Business News  
Compiled From Sources  
Of The Texas Department of Agriculture  
John C. White, Commissioner

Higher Crop Production Than 1971... Pecan Estimate Declines... Citrus Crop Now Expected Higher Than 1970... Fed Cattle Down Slightly... Fall Wheat Furnishes Limited Grazing...

Texas farmers are again making records in crop production. Cotton, peanuts, soybeans and grain sorghum will exceed 1971 levels. The latest cotton estimate for the state is 3,900,000 bales. Last year's harvest was 2,579,000 bales. Yield this year should average 365 pounds per acre. Grain sorghum production is set at 341,600,000 bushels with a record yield of 61 bushels per acre anticipated. Texas produces nearly half the nation's supply of grain sorghum.

Peanut production this year is estimated at 434,720,000 pounds compared with 366,795,000 pounds in 1971. Harvest is now more than 50 percent complete. Soybean production will be 5,670,000 bushels, or about twice the production of 1971.

Corn production is not expected to be above last year. A 35,000,000 bushel crop is forecast for the state now as compared with 43,056,000 bushels in 1971.

PECAN production based on October 1 prospects is now forecast at 65,000,000 pounds, down from the previous estimate of 71,000,000 pounds. The 65,000,000 pound crop would be 171 percent more than the 24,000,000 pounds produced in 1971. It will be the second largest crop of record. Texas accounts for about 35 percent of the nation's total pecan production.

CITRUS in the state this year will exceed the 1971 production by about 15 percent, based on current conditions. The Texas citrus crop is forecast at 17,200,000 boxes.

Grapefruit production is expected to total 10,400,000 boxes, 13 percent above 1971. Early and mid-season oranges are forecast at 4,500,000 boxes, 19 percent above a year ago. Valencia oranges are forecast at 2,300,000 boxes, up 15 percent from last year.

CATTLE on feed being fed for slaughter in Texas total 2,091,000 head, which is 30 percent above the numbers on feed a year ago, but slightly below the 2,095,000 head on feed a month ago.

Feedlot operators intend to market 1,235,000 between now and December 31. This would be 59 percent of the number on feed and would be 30 percent more than marketed during the October 1 to December 1 period last year.

Texas continues to be number-one cattle feeding state in the nation. In the major six state feeding area—Texas, Arizona, California, Colorado, Iowa, Nebraska—there were 7,630,000 head on feed, this compared with 5,701,000 head a year ago.

# HELPFUL HINTS For Buying MEATS

BUY GRADES OF MEAT ACCORDING TO INTENDED USE!

Buy grades of meat according to intended use. Middle grades of beef may be just as satisfactory as the higher grades when it comes to hamburgers, meat loaf, and stews. Most roasts, some chops, and steak, ham, poultry, and dressed fish with medium amounts of bones provide two to three servings per pound. Rib chops of lamb, pork or veal, spare ribs, shank, porterhouse, t-bone and club steaks, Chicken wings and backs and short ribs provide only one to two servings. Your H.E.B. Market Manager will gladly assist you and answer questions you may have concerning meats.

## Recycling papers

What happens to unsold copies of the Anvil Herald (occasionally, we have one or two)? They get loaded on dumptrucks and hauled to a recycling plant in San Antonio. Shown aiding in the effort here are Tony Mendoza, Santiago Hernandez, Clarence Haass, Darwin Schrader, Joe Fohn, Bob Zuberbuehler, Mrs. Velda Cole, Antonio Constante and Juan Hernandez. The Hondo Jr. Garden Club sponsors a reclamation center as their club project. They welcome old newspapers, corrugated paper, IBM cards, magazines, and tin and aluminum cans. They are sponsored in turn by the Hondo Garden Club, and Adult Leader Velda Cole.

## Texas industrial growth expanding

Over one-fourth of the industrial growth in Texas in 1972 has been in the 50-county area of the South Texas Chamber of Commerce, according to a recent chamber survey.

Working with data released by the Bureau of Business Research at The University of Texas at Austin, the chamber reported a total of 87 new or expanding industries within its region in the first six months of the year. New or expanding industry for the entire state totaled 269.

Industrial growth in Houston was highest in the state with 34 new or expanded

plants and San Antonio rated fourth with 21. Both are within the area of the regional chamber.

Other metropolitan areas in the region with industrial expansion included Corpus Christi with six new or expanding industries, Laredo with four, and Austin with three.

An interesting observation of the survey concluded that the shift of industrial expansion to non-metropolitan areas in 1971 is carrying over into 1972. Of the 87 new or expanding industries in the region this year, 19 were reported from non-metropolitan areas.

Eagle Pass has had five industries expand or locate in the community in 1972, and combined with 1971's three, the total for the last 18 months reaches eight for a community of 15,364.

Other non-metropolitan areas in the South Texas area where industry is developing include Cuero, Uvalde, Victoria, LaGrange, Hallettsville and Lockhart. Also reporting industrial expansion are Gonzales, Alvin and Hondo.

The chamber's survey revealed over 2,000 jobs have been created in the region since January by the expanding industry.

## Flying scholarships open to 1973 male graduates

MAXWELL AFB, AL. -- Male high school students who will graduate in 1973 and are interested in flying are eligible to apply for an Air Force ROTC four-year

college scholarship. One thousand four-year college scholarships are available for students who will enroll in the Air Force Reserve Officers Training Corps at one of the colleges and universities in the United States and Puerto Rico which offer the four-year program.

The scholarships will be awarded to qualified students who agree to become Air Force pilots or navigators after college graduation.

Each scholarship pays full tuition, laboratory fees, and textbook reimbursement. In addition, each scholarship student receives a monthly nontaxable subsistence allowance of \$100.

All applicants for a schol-

arship must qualify on the Air Force Officer Qualifying Test and on an Air Force medical examination. A special committee of Air Force officers will evaluate all students who apply for a scholarship. They will consider the student's scores on the American College Test or the Scholastic Aptitude Test, high school grades, extracurricular activities and personal references.

Interested students must submit their applications postmarked no later than November 15. Application forms and additional information may be obtained by writing Directorate of Admissions, Air Force ROTC, Maxwell Air Force Base, Alabama 36112.
